## High Speed Chase Ends In Antioch

A high speed chase from Lake Villa to Antioch Twp. has caused an Antioch resident, Michael James DeCaro, 22, to be charged with excessive speeding, reckless driving, fleeing and eluding a police officer, and driving on a suspended driver's license.

On Nov. 4, Lake Villa Police Officer Jim Carter, while on routine patrol driving south on Rte. 83, sighted a car traveling north on Rte. 83 at high speed, in the vicinity of the Soo Line Bridge.

At 6:52 a.m., Carter chased after a car he had estimated was traveling 65 mph in a 50 mph speed zone.

The car, driven by DeCaro, refused to stop and reached speeds of 90 mph. He turned and sped down Grass Lake Rd., and turning right, drove into a dead-end street, Lambert Ave.

During the chase, DeCaro's car went into the wrong lane causing several cars to scatter all over the highway trying to avoid a crash.

The driver, a white, young male, then ran from the car and lost the pursuing officer.

A birth certificate belonging to DeCaro was found in the abandoned vehicle and license plate check showed the car belonged to a Tamara Irvin, also from Antioch.

Irvin, DeCaro's girlfriend, called the police to tell them that DeCaro would give himself up at 11:30 that same day.

Though he did not do so that night, he did surrender at 1:15 p.m. the next day.

He was released on bond, pending trial.

# Last Minute Pact Averts Teacher Walk

by GLORIA DAVIS

After eight months of negotiating in 14 meetings, the teams representing the Antioch High School Board and the school's teachers in the teacher contract negotiations came to a tentative agreement on Thursday, Nov. 6 in time to avert a full-scale strike by the teachers set for Friday.

The 24 points agreed upon will be presented to the teachers for ratification on Wednesday, Nov. 12 and the board will take its vote on Thursday, Nov. 13.

When classes were dismissed on Wednesday, Nov. 5, neither the students or teachers knew if there would be school the next day. Notifications of the school's opening were put on local radio news programs early Friday, after the nine-hour marathon meeting.

"Although school attendance was not up to normal, the absenteeism was not excessive," said Supt. Gary Allen, remarking on Friday's absentee lists.

Though neither body expects unanimous approval, Ted DeRousse, president of the teachers' union, said that he thought the teachers would be satisfied with the points agreed upon.

"I'm glad it's over with. It's good for both sides and I see the kids smiling again," said Board of Education President Robert Lindblad.

Lindblad said that the fair share part of the teacher's package is still not popular with some board members. He expects the approval vote to be either 6-1 or 5-2.

Lindblad also said that some of the points of agreement would be made retroactive to June 30 when the teachers' contract expired and others would not.

He added that he could foresee little increase in the budget already approved for the 1986-87 school year since most of the cost increases had already been allowed for in that budget.

It might follow that the board didn't go much over 7 percent on salaries in the agreement.

At the next regular meeting of the board of education, the salaries for the school's administrative staff will come up.

Allen is expected to make proposals to the board which will then meet and vote on any changes or increase salary proposals after a discussion on the matter.

In the past, any administrative salary increases have usually been in the same ballpark as those given to the teachers.

Lindblad gives most of the credit for the tentative settlement to the six members of the two negotiating teams.

## Fox, Chase Tie To Win Oldest Paper Contest

William H. Schroeder, publisher of Lakeland Newspapers, announced that Una Fox and Dortha Chase, both of Antioch, are winners in the Antioch News-Reporter's Oldest Newspaper Contest. Both ladies submitted an insert which appeared in the Sept. 1, 1904 edition of the Antioch News.

"This is incredible," Schroeder said. "The

last thing we expected was a tie from two people who each had the same copy of an 82-year-old newspaper."

Schroeder will present a \$100 check to the Lakes Region Historical Society in the name of Fox and Chase. Each of the ladies will

# Hess Builds On 1982 Totals In District 4

by JOHN STEINKE  
Political Columnist

County Board Dist. 4 encompasses Antioch, Avon, Grant and Lake Villa Twps. in western Lake County. Normally, the Democrats caucus in a telephone booth in this area. The only Democrat who has generated a respectable vote in the region is Lake County Clerk Linda Hess of Gurnee.

Both in the 1982 and 1986 elections, Hess garnered 48 percent of the vote. While losing Antioch and Grant Twps., she captured Avon and Lake Villa Twps. It's surprising that Hess replicated her vote total in this fall's election. Her Republican opponent was Dist. 4 Rep. Donna-Mae Litwiler of Ingleside. Mrs. Litwiler had served on the county board for the last six years.

Despite Litwiler's "favorite daughter"

status, Hess polled approximately the percentage of the vote as she did in 1982. Four years ago, Hess defeated former county board member, Harry Thomas of Libertyville. At that time, Hess lost Dist. 4 to Thomas by only 714 votes. This year, Litwiler defeated Hess by 495 ballots. While the Republican nominee improved her percentages in Antioch and Grant Twps., the Democratic incumbent augmented her share of the vote in Avon and Lake Villa Twps.

See the adjoining tables for the Dist. 4 election results for the 1982 and 1986 county clerk's races.

Between 1982 and 1986, the Republican vote declined 1,176 while the Democratic total decreased 957. The lower voter turnout slightly increased the Democratic percentage by 0.4 percent.

### Castle Construction

The Antioch Chamber of Commerce is nearing completion of their Christmas Castle for 1986. Standing around the castle are, from left to right, Vivian Tauscheck, Chamber secretary; Debbie Hartokolis; Joanne Linker, of J.J. Blinksers Clowning Around gift shop; Chamber of Commerce Pres. Larry Hanson; Tom Robinson; Bob Woder, of Quaker Industries; and Florence Babusek, chairman of the Chamber's Christmas program.

## Christmas Castle Nears Completion

"Santa Claus, Antioch, Illinois" received (and answered) more than 3,000 letters from Antioch and other cities in 1985. Last year, from early December through Christmas Eve, nearly 4,000 eager young visitors spoke personally to Santa in his Christmas Castle in Antioch.

That was quite an accomplishment for the Village of Antioch. Mayor Ray Toft and Parks and Recreation Dir. Glenda Tomaschik, in cooperation with Antioch Chamber of Commerce Pres. Larry Han-

son, were assisted by a tireless and dedicated committee who wanted to give Antioch a significant public relations success story.

As chairman of the 1986 Christmas program, Florence Babusek hopes to motivate all those available to help make this Christmas program a success. In addition to Chamber of Commerce members, Babusek is appealing to local service organizations, churches, schools, and other chambers of commerce to offer their own resources in designing floats, advertising, or direct

donations.

This year's Christmas Castle is brand new and is being partially funded through the generosity of the village. Babusek is looking to Chamber members and other community sources to defray the remaining costs.

Santa arrives in town in the 1986 Parade on Saturday, Nov. 29 at 10 a.m. at Antioch Community High School. Those interested in entering a float, group, vehicle, or music should call Tomaschik at the Parks and Recreation Dept. at (312) 395-2160.

## Sequoia Wrestlers To 'Journey To The Tourney'

"Journey to the Tourney" will be the motto of the 1986-87 Sequoia wrestlers. The wrestlers' goals will not only be team but personal wins to clear their way through the regionals and sectionals. Finally will come their journey to the State Tour-

namment held in Champaign.

A Parents Club has been organized and special plans are being made for home meets. A Button Night with the wrestlers' slogan will kick off the inter-squad meet on Nov. 21. Other plans include an Alumni Night and a

Parents Night.

Coach Ted DeRousse feels this could be a good season for the Sequoia. It's hoped that a lot of parents and friends will attend the meets to cheer on the wrestlers as they begin their "Journey to the Tourney."

## Critic's Choice In... Lakeland

by GLORIA DAVIS

The new melodious extravaganza that just opened at the Candelight Dinner Playhouse at Archer and Harlem Aves., "My One And Only," treats its audiences to a nostalgic trip back to the days when musicals were all cotton candy, tap shoes and happy-ever-after love stories set to the music of such great composers as George Gershwin.

As if offering some of the best of Gershwin ala "S Wonderful," "Nice Work If You Can Get It," and "Strike Up The Band," isn't enough, Rudy Hogenmiller and James Harms have come with some of the happiest tap numbers since "42nd St.," including a sure-fire red, white and blue finale that has them standing and cheering.

The feeling that the entire cast is having a ball portraying people having a ball in the glittery glitzy days when those working for the WPA were fascinated by the rich and famous (smacks of 1986 and "Dynasty"), seems to carry contagiously through to the audience.

Dave Bedella, one of the three New Rhythm Boys, leaps out of the chorus exuding talent and enthusiasm extraordinaire.

Richard Ruth, who plays "the only white tap dancing aviator," comes to Candelight with impressive world-wide credits. He sings and dances up a storm, though he gets a titch too flamboyant at times.

Shannon Cochran, who comes straight from her acclaimed performance in Marriott's Lincolnshire's "Baby," does it again in this "boy finds girl, boy loses girl, boy gets girl production.

She's svelte, she shines and keeps up with the best of them in the singing and dancing departments.

Iris Lieberman's female mechanic-federal agent is great, grease smudges and all, and as usual Dale Benson draws laughs galore with another one of his overdone wierd interpretations of Prince Nicky.

Actually, besides the delicious dance numbers, the real show stealers were the many special effects, ranging from a full size "Lucky Lindy" type airplane, a 1930's classic car, an island, a train, a boat, a giant wedding cake and a swimming pool filled with the strangest water you've ever seen.

Rev. J. D. Montgomery, played by Laura Collins and Mr. Magix, splendidly played by Candelight favorite Gordon McClure, are also standouts.

Review night had a special added attraction this time when they brought out a wedding cake after the show to the strains of "The Anniversary Waltz" in celebration of the wedding anniversary of well-known Chicago actress Amy Silvestri and Candelight's entrepreneur William Pullinsi.

## Present Female 'Odd Couple'

Unger and Madison are at it again! Florence Unger and Olive Madison, that is, in the Kirk Players' second show of their 21st season of community service.

Phyllis Carter and Kathy Russ, both veteran Players from Mundelein, will play the title roles in the Midwest Community Theatre premier of Neil Simon's "The Odd Couple (Female Version)."

"The Odd Couple (Female Version)" will be presented at 8 p.m. on Friday and Saturday, Dec. 5 and 6, in the Mundelein High School auditorium.

All proceeds from the production will be donated to Omni Youth Services-Greenhouse Program to help them continue to meet the needs of the community youth.

Kathy Russ, a five-year Player veteran, will play Olive Madison, a prime-time TV news producer, who although divorced, seems to enjoy life to the fullest.

Her carefree attitude, evident in the sloppiness of her apartment, bothers others much more than it does her.

Phyllis Carter, the Kirk's "1986 Most Valuable Player," will play Florence Unger, Olive's tidy hypochondriac friend. Florence's marital problems bring her to her friend's apartment, which she promptly proceeds to transform from a New York City dump to "House Beautiful," much to the chagrin of Olive and their Trivial Pursuit playing buddies, and the delight of audiences everywhere.

The weekly Trivial Pursuit party participants will be played by last season's "Best Actress," Paula Willems of Wildwood; Kirk Player Board members Donna Lynn of Schaumburg and Maureen Cook Slade of Libertyville; and first-year Player, Jerilyn Kjellberg of Vernon Hills.

## America's Favorite Clown Set For Performance

Emmett Kelly Jr., America's favorite clown, is scheduled to appear at the Wooden Difference in McHenry on Tuesday, Nov. 18.

Kelley Jr. was many things before he followed in his famous father's footsteps and became a clown.

As a child, he toured with his circus-performing parents before he became old enough to begin school. He then lived with his grand-

mother in Hoopston, Ill., while attending school in Mulberry Grove. After his parents divorced when he was nine, Kelly said, he began living year round with relatives throughout the country.

His father, Emmett Kelly Sr., was a clown with the Ringling Bros. and Barnum & Bailey Circus from 1942 to 1956. Because of his nomadic childhood, Kelly wanted to become a Greyhound bus

driver. "They were nice to me," Kelly said.

After school, Kelly went into the Navy for almost three years. He participated in three invasions, including Okinawa and Iwo Jima, during his naval career.

Released from the Navy, Kelly took advantage of the GI Bill and learned auto mechanics before joining the Chesapeake and Ohio Railroad as a switchtender. Kelly stayed with C & O for nine years before "boredom set in" and he "decided to go clowning."

After his debut in the late 1950's with the three-day Circus City Festival in Peru, Ind., Kelly was asked to perform in Austin's Motor Derby.

We averaged 458 miles a day traveling from show to show," Kelly said. Many times, he said, they traveled through the night, arriving just hours before a show would begin.

In 1964 Kelly gave up traveling for a year to work for Kodak at the New York World's Fair Pavilion. After the fair's run, Kodak offered Kelly a year's contract to tour hospitals and special events. His contract was

later renewed for three more years.

Kelly said making sick or lonely people happy is something he enjoys. "There isn't anywhere in a hospital I haven't been," Kelly said.

He often was given tours of hospitals from "top to bottom, front to back and sideways. Touring hospitals was very rewarding in a lot of ways," Kelly said.

Kelly, who is "60 and proud of it," moved to Tombstone, from Indiana because he likes Arizona and can take his "Emmett Kelly Jr. Circus" in any direction.

"When you're on the West Coast," Kelly said, "all the bookings are in the East and when you're on the East Coast, they're all in the West." Despite all his travels, Kelly said he doesn't plan to retire or ever tire of traveling.

It's been a rewarding life. I love it all," said Kelly, who has enough plans in motion to keep him busy for another 60 years.

None of Kelly's five children have pursued circus careers. Since they are "scattered here and there," Kelly said he doesn't see them as often as he would

like. The only member of the family who works in Kelly's circus is his wife Nancy. She helps out as ringmistress, but has done a little of everything including filling in for the star clown.

Before becoming ringmistress in 1978, Mrs. Kelly dressed in her husband's makeup for 10 shows while he recovered from multiple cuts on his face and head. After a performance one night in Terrytown, N.Y., for a music fair, Kelly walked into the "Wheel of Destiny" counterweight. He needed 100 stitches in his forehead, down the right side of his face to his lip. The back of his head required 18 stitches.

Emmett and Nancy now make their home in Tombstone, Ariz., site of the famous "Gunfight at the OK Corral." When home, he's a member of the Tombstone Vigilantes, a non-profit civic organization that raises money for charity by putting on shows for visiting tourists on the second and fourth Sunday of each month. Emmett plays a U.S. Marshal in the "gunfight," and adds, "The good guys always win."

## Pullman Heralds 10th With 'Kiss Me Kate'

The Pullman Players have been around for nearly a decade now. They've entertained thousands of Lake County residents with their antics and spoofs at the annual Transfiguration "Night Train" extravaganza in Wauconda; they've produced summer dinner/theater packages for several local restaurants; they've won four prestigious awards performing in the

community theater competition at Marriott's Lincolnshire theatre; and they always have time to prepare a no-holds musical once or twice a year.

The group draws an audience and attracts performers from all over the Lake County area, Chicago and the border towns of Wisconsin.

Much of their popularity can be attributed to a

selection of entertaining material; quality performances from enthusiastic and well-directed actors, actresses, singers and dancers; and a behind the scenes crew with imagination and dedication to detail.

This year's fall musical, "Kiss Me Kate," has all these attributes...plus. The plus? A new home. The gym at the Island Lake Municipal Center, 3729 Greenleaf Ave. (just north of Rte. 176) is being transformed into a theatre for this rip-roaring musical.

Performances will be held on Friday and Saturday evenings at 8 p.m., Nov. 14, 15, 21 and 22 and on Sunday afternoon at 3 p.m. on Nov. 16.

Tickets are \$6 for adults, \$5 for seniors and students, and \$4 for children 12 and under. They may be purchased at the Municipal Center in Island Lake, Images Photo Center in Wauconda or Will Tremont at Lincoln's Barber Shop in Wauconda, or by calling Mary Raymond at (312) 526-2593. Call today for reservations. Seating is limited.

## Community Center Sets Clown Show

A European-style clown show will be featured in the next "KidStuff" performance at Lake Forest's Gorton Community Center.

The show will take place in Gorton's auditorium at 2 p.m. on Saturday, Nov. 22. The community center is located at 400 E. Illinois Rd. in Lake Forest.

Well-known entertainer Lester will perform a variety show of circus skills including pantomime, balancing, juggling, unicycling and creating balloon sculptures from a repertoire of over 100 figures.

Geared to children through sixth grade, the popular "KidStuff" series consists of four performances by professional artists that offer children an entertaining glimpse at the arts. Upcoming performances include The Magistics on Jan. 31 and the Chicago Children's Choir on March 7.

Tickets, priced at \$2 each, may be purchased at Gorton Community Center, 400 E. Illinois in Lake Forest, between 9 a.m. and 5 p.m., Monday through Friday. For more information call (312) 234-6060.

Great listening and heel-kicking will be the order of the night on Saturday, Nov. 15 at 8 p.m. when the David Adler Cultural Center presents a special concert and dance at the American Legion Hall, 715 N. Milwaukee Ave., Libertyville.

Lotus Dickey, Bob Lucas

## Storyteller To Appear

Storyteller Kathe Ana will be featured at the David Adler Cultural Center's November Children's Concert on Sunday, Nov. 16 at 2 p.m.

The third of four generations of storytellers, Ana draws her stories and folk tales from traditions found in all parts of the world. Some of her stories make people laugh, others let them learn and still others can heal them.

Ana wants both to preserve the art of storytelling and to pass it along—she encourages her listeners to tell their own stories, too.

Admission is \$3 for adults, \$2.50 for members and \$2 for children.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., in Libertyville, is a non-profit organization. For more information call (312) 367-0707.

and Paul Tyler will be the featured musicians. Dickey is an old-time fiddler who picked up his first fiddle when he was eight. He learned the old-time tunes from the southern fiddlers he rubbed shoulders with, and has carried on that music ever since.

Lucas, formerly of the band Electricity, plays banjo, fiddle and guitar. Tyler, who has a doctorate in folk

lore and folk music, plays fiddle, mandolin, guitar, banjo, piano and hammered dulcimer, and does double duty as a dance caller.

Admission is \$5 for adults, \$4.50 for members, \$2 for senior citizens and children six to 12, and free for children under six.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization.

## Artists To Display

Show, Nov. 28, 29 and 30, at the Wisconsin State Fair Park, 8100 W. Greenfield Ave., Milwaukee.

Over 600 craftsmen offer holiday shoppers versatile gifts for the person who has everything: sculptured boxes, calligraphy plaques, country folk and Victorian art, hex signs and embossing.

Local artists who will be displaying are: Kathy Ticha, wood furniture, Twin Lakes; John Vance, wall plaques, Lake Villa; Gail Vidakovic, fabric, Bristol; David Weller, faces/laces, Grayslake; Kathy Schaefer, decoupage, Gurnee; Joan Steffens, bread dough ornaments, Gurnee; Leo and Helen Page, fur puppets, Twin Lakes; Viola Foulke, crochet, Salem; and Priscilla Carr, doll clothes, Lindenhurst.

## Critic's Choice In... Lakeland

by BILL DOTSON

The production of "Fireman, Save My Child!" at The Grand Hotel's theater in Wauconda presents a problem for a reviewer. It's a corny, cliché-ridden show with one-dimensional characters and a stale plot. But how can they really be faulted for that when that seems to be exactly what they wanted to achieve.

The play, written by Ned Albert and directed by Terrie Snell, is billed as an old-fashioned melodrama comedy and clearly is intended as a throwback to the earliest days of theater.

The show does a good job of recreating the flavor of that period in theater's history: the time when nearly every gesture was exaggerated, every point overstated.

The story concerns the efforts of villainous Archibald Quingle in his attempt to make the fair Daisy Dorrance forget Archibald's brother Chester and fall for him instead. Chester had gone off to the city to seek his fortune and hasn't been heard from in a while.

However, when Chester later returns, it complicates Archibald's plans, requiring him to become even more cunning.

The actors clearly have a great deal of fun with their roles. By far, the most entertaining and appealing character is Archibald. As played by Gary Koon, he is a

colorful but stereotypical villain, complete with a handlebar mustache, black cape and nasty laugh. He says things like "Now for some dirty work!" and even the old, reliable "Curses! Foiled again!" and somehow gets away with it.

Bethany Evans as Daisy is very funny as the dainty damsel who, as she says in a satirical soliloquy, is "even more put-upon than usual."

One problem with the play is that Chester, unfortunately, with his Dudley Do-Right voice, seems bland in comparison to Archibald. Actor Brad Davison certainly seems competent enough and does what he can with this boring character to bring him to life. But the script doesn't really call for him to do much of anything.

Cultural enlightenment this play is not, but it doesn't try to be. It's more like a big good-natured joke that the audience is invited to be a part of by "Boo" and "Yea" signs which the actors occasionally even point to. They also sometimes speak directly to audience members, responding to heckling or commenting on the play's action itself.

I usually find that technique of breaking the illusion to be annoying when employed by TV shows like "Moonlighting", for example. But in this case, it seems fitting.

Broadway material this isn't. But it is fun.

### Arboretum Slide Show

A multi-media slide program will be presented by nature photographers John and Kitty Kohout at a luncheon of the Illinois Dunesland Preservation Society at noon on Saturday, Nov. 15, at Illinois Beach Resort near Zion. The public is invited. Cost for the luncheon is \$6 and reservations can be made by calling Richards at (312) 336-9063.

# 50 Horses Need New Stable After Blaze

by MARK BENNO

The owners of 50 horses got a nasty trick on Halloween night when the largest horse barn in Lake County was destroyed by a late-night blaze. The treat for the owners after that news was that none of their horses were injured or killed.

The barn, owned by the Beau K Ranch, was in rural Grayslake at 19055 W. Washington St. Oldtime county residents will remember it as the old McGaughey horse barn.

The barn took in horses for board, so none are left out in the cold, although many owners had to do some fast footwork to relocate their animals on short notice.

Steve Allison of the Beau K Ranch said that plans for rebuilding the barn are already in progress. Rebuilding the barn is not really a matter of choice, because Allison remarked, "we've got to, in a hurry."

Allison said that most of the destroyed structure was built in 1976. Some work on the building had been completed as recently as 1985.

How the fire started is perplexing Allison. He said that the Beau K Ranch spent a considerable amount of money and time cleaning up the ranch when they bought it. Their insurance company listed the ranch as being safe and low-risk, added Allison. Fire fighters from around the area joined Grayslake to battle the blaze. The fire fighters even saved the lives of approximately 42 horses, said Lee Shannon of the Grayslake Fire Dept.

Shannon also said that one Grayslake fire fighter was

injured in the evacuating process. Thomas Jacobs was kicked in the ribs by one of the horses he was trying to get to safety. Shannon said the injury was not too serious, since Jacobs was treated and released.

Spontaneous combustion holds the preliminary blame for the fire. Shannon said that the hay barn, where the

fire apparently started, contained approximately 8,000 bales of hay.

Allison does not fully agree with the preliminary cause, but the investigation is continuing. If the cause is determined not to be spontaneous combustion, then a new investigation will attempt to determine the actual cause.

## Railroad Retirees May Pay More Tax

Retirees receiving tier I railroad retirement benefits may have to pay more federal income tax for 1986. Under the old rules, all tier payment were treated the same as social security retirement payments when figuring whether any of the benefits were taxable. Under the new rules, the amount of tier I benefits which can be treated the same as social security instead of railroad retirement.

As an example, Mr. Smith is retired and received \$10,000 in a railroad retirement benefits in 1986. If Mr. Smith had been covered by social security rather than railroad retirement, he would have

received \$7,000 in benefits. On Mr. Smith's federal tax return for 1986, \$7,000 of his retirement payments will be treated the same as social security. However, \$3,000 must be treated as a separate pension and will fall under the rules for tier II railroad retirement payments.

Information about the taxation of retirement benefits is available from the Internal Revenue Service. Order free Publication 915, Tax Information on Social Security Benefits and Tier I Railroad Retirement Benefits. Information on tier II benefits is available in free Publication 575, Pension and Annuity Income.

## The Time Machine

FIFTY YEARS AGO: November 12, 1936

The Antioch News looked back 41 years to November of 1895. The paper reported that a horse belonging to Will Burke was found dead in a pasture. No cause of death was assigned to this befuddling mystery. The Antioch News strongly cautioned, however, that the report claiming that the horse had been shot "is mere idle rumor, with no foundation on fact." I think Antioch will be a better town for all of us when we find out who killed, I mean what happened, to Will Burke's horse.

"Carl Carlson of Audubon, Iowa, won the 13th annual national corn husking championship by less than a peck of corn over the Illinois state title holder, Adam Byszynski." I have two comments here: I think the contest should have been called a draw when less than a peck separated the competitors, and what happened in the 63rd annual national corn husking championship?

Here's one from the book, Sir Rodney style. "Quick thinking gets us out of places we get in with wide open faces."

TWENTY YEARS AGO: November 10, 1966

The Sequoits finished the 1966 season with a 6-1 record, their finest effort in 20 years. Antioch's lone loss of the season came against Lake Forest. Lake Zurich was the team the Sequoits polished off to end the regular season.

And here's a little 60's humor. Man: "I have come because of your advertisement for a man to retail canaries." Proprietor: "Oh, so you want the job." Man: "Sure. But tell me. How did they lose their tails in the first place?" Sorry, age didn't improve that joke.

Members of the Antioch Women's Club heard a lecture on how to develop a more vibrant personality. The lecture must have been a success, since reports unfounded in fact indicate that for two days after the lecture the women of Antioch were almost to vibrant to bear.

The Antioch News celebrated National Education Week, which will begin this year on Nov. 16. The paper urged parents to visit schools and talk to teachers. Ben Franklin added, "If a man empty his purse into his head, no one can take it from him."

TEN YEARS AGO: November 10, 1976

This is from the "it's gotta hurt" department. The Antioch News reported that the 1976 football season ended on a sour note for the Sequoits, as they lost 14-12 to Grayslake. Grayslake managed to string together eight losses before upsetting Antioch, giving the Sequoits a 3-6 record.

"In the U.S. every kid has a chance to be president; it's just one of the risks he has to take." Ouch.

The "Pfarr Corner" reported that "today the kids are wearing T-shirts decorated with photos of Starsky and Hutch and, of course, 'The Fonz.'" And I almost forgotten about those revolutionary television shows.

Ronald Reagan, in his column, said that "no one has been able to say exactly what it is costing American business and the consumer to keep up the paperwork demanded by federal regulations. But one thing you can bank on: whatever the cost, it is being passed along to you at higher prices." What will be passed along at higher prices, the work or the paper? Or both? There's a politician for you, he talks for an hour and you still don't get it.

## Along the way with ANNIE MAE

IT'S GREAT that this strike mess looks like it's finally going to be over. And I'm sure that Bob Linblad, Frank Walsh, Ted DeRousse, and Dick Olsen are, among others, glad that they can get back to normal around good old Antioch Community High School. I almost made the fellows some cookies and cake, but I couldn't quite get the package open.

YES, IT'S TIME for this week's holiday hint, Annie Mae's indisposible survival guide for the upcoming joy, guilt, depression, and indigestion of the holiday season. I don't know what it is with some people, but there are certain members of my family that always show up late for Thanksgiving and Christmas dinner. This is what I do about these Tardy Toms. I throw a bunch of bones on the platter, to make them think they've missed dinner. Of course I let them off the hook eventually, but the fear in their eyes when they think dinner's over will assure you that at the next dinner they will be Punctual Petes.

THE NEXT MEETING of the Antioch Women's Club will be on Nov. 17 at the Antioch State Bank. The exciting program will feature something I know I need work on, quilting, with the lecture delivered by Addie Davis. Nancy Zitkus will introduce last summer's Scholarship Recipients.

IF YOU HAVE information about anything that might interest Annie Mae (and you'd be surprised, at my age, to find out what interests me) send it to me care of this newspaper.

# Antioch Crowns Two Brand New Football Champions

## Notes & News

by CAROLYN HAMMOND  
(312) 395-6081

They did it! We have a winner! There are two champion football teams in Antioch this week. The Antioch Viking Heavyweight and Lightweight traveling teams are champions of their respective weight classes in the Junior Football League of Illinois. To gain this honor, both teams had to defeat South Division champions Highland Park.

In the Heavyweight game: Antioch Vikings 16, Highland Park 8.

In a rather lethargic first quarter with many defensive mistakes, compounded by cold weather and blustery winds, fullback Frank Hannigan ran 60 yard for a touchdown only to have it called back due to a clipping penalty. In the second quarter, due to a bad snap the Viking punter got sacked on his own ten-yard line. Two plays later Highland Park scored and made a two-point conversion. The score at the half was Highland Park 8, Antioch 0.

But, in the second half the Vikings asserted themselves and worked the football down to Highland Park's seven-yard line. On the last play of the third quarter,

tailback Dale Morgan ran seven yards for a touchdown. Adam Perry then kicked a two-point conversion. The score was now tied at 8-8. In the fourth quarter the Vikings again worked the football upfield, and with one minute and seven seconds remaining on the clock, fullback Frank Hannigan ran again this time for 63 yards to score. He was hit by the opposition three times; twice he broke the tackles, and then he carried the last tackler with him into the end zone. He was not to be denied that six points. Adam Perry kicked another two-point conversion. Antioch's defense held the final minute of the play. Final score was 16-8.

It was a game that the many Antioch fans who had come to cheer their boys on would never forget. But it probably meant the most to Coach Nick Pappadakis on his 48th birthday. Before the game began, the team had dedicated this game to him.

It was a first of other sorts, too. Both Hannigan and Morgan gained over 120 yards rushing each. Defensive standouts were Jason DeBruhl, outside linebacker, defensive guard Jerney Smith, and inside linebacker Ken Paddock. The

offense was led by the blocking of Rich Grandsart, Adam Perry, Travis Bloom, Jack Thompson, and Dan English.

In the Lightweight game: Antioch Vikings 13, Highland Park 12.

Highland Park started this game with a vengeance, running back the opening kickoff to score and scoring again three plays later. Despite the 12-0 score and the numbing cold and wind, the Vikings came back and scored on a Garrett Horn run for a 12-6 game at the half.

In the third quarter, the Vikings sustained a drive to score once again on a Horn run. He also ran in the one-point conversion. He had the help of his whole team, though. The whole defensive team was outstanding in shutting down Highland Park's offense after the first quarter. It was a tremendous effort in a tremendous year. The Viking Lightweights were last year's champs too, and it is tough to repeat. Look at how every team is out to get the Chicago Bears! Coach Russ Lehn says, "I couldn't have had a nicer group of boys."

Congratulations to all of you for your hard work and dedication! The Antioch Vikings will hold Awards Night at 6:30 p.m. on Tuesday, Nov. 18 at Antioch High School. Antioch High School Varsity Football

Coach Steve Wapon will be the featured speaker.

The Boy Scouts of Troop 80 had some excitement in their lives lately, too. They held a "Slide-for-Life" campout Oct. 25-26 at the Northern Illinois Conservation Club. The scouts built a tower, attached a 375-foot rope to it, and slid down the rope to earth. Next year they plan to do this over water. Oh, boy!

Antioch area Girl Scouts and Brownies are doing something a little tamer; they are selling M&M candy to earn money to support their own groups. The sale will continue through Nov. 16.

Thinking about Christmas decorations? Boy Scout Troop 190 is taking order now for freshly cut, live Christmas wreaths to be delivered in early December. Prices range from \$9 to \$30 and are tax deductible.

During the lull, as fall sports finish and winter is still on the horizon, it's a good time to attend the Antioch High School Drama Dept.'s production of "The Crucible," written by Arthur Miller. Curtain time is 7:30 p.m. on Nov. 13, 14 and 15.

Don't forget this Saturday is the third Saturday of the month, and you can bring all those aluminum cans you've been saving in to be recycled at the Orchard St. Shopping Plaza from 9 a.m. until 11:30 a.m.

## Toys Mean Smiling Kids And Bankrupt Grandmas

### When I Think About It

by GLORIA DAVIS

Well it's the second week in November, and despite the fact that we haven't even had Turkey Day yet, that insipid friend of mine has already grabbed the chance to tell me that she's almost done with her Christmas shopping.

To add insult to injury, she lost no time in also telling me that she wraps every present as she buys it, so that chore is also almost taken care of.

I got away from her before she added that she has also addressed all her Christmas cards and her Christmas goose was already stuffed and in the oven on warm, because I knew that this would have been a smidgen too much for me to take.

Oh I've bought two or three presents already because I happened to sight those items on sale and they seemed to fit a few people on my Christmas list.

When you get to be a grandparent, you suddenly become reacquainted with the toy section of the Christmas catalogues and you find yourself looking in the windows of "Fashionable Tots."

Christmas reverts back to what it's really all about, teaching tiny ones the words to a Christmas carol, reading stories of the Christ Child, and of course coping with little children's adoration of Santa Claus, their "most favorite person in the whole world."

I've gotten a few requests from those little darlings already and I sense the handiwork of my adult children who were spoiled by the sometimes insane and maddening generosity of my mother in some of these requests.

They learned at a very young age that any toy deemed by mom and dad to be either too much money, or just plain too stupid, could be gotten from grandma by just dialing her phone number and dropping a hint in her always receptive ear.

Now this grandma also aims to please, but my mother never had to deal with the kind of merchandising that the toy companies now employ.

First they use the children's tv shows to establish a toy's status symbol and then the

peer pressure takes over (you wouldn't believe how young this starts!). "You can't come over unless you bring a Rainbow Brite doll."

Now there is no such thing as just buying a certain doll, or a certain car or truck. First they create a character or group of characters that the children are brainwashed to fall in love with.

Brainwashed is the only thing to call it. How else can a rational person explain the fact that their innocent, baby-faced, blond and blue-eyed cherub wants a large stuffed kelly green monster with purple eyes and huge red fangs to hug when they go to sleep?

Or maybe your little one, like Peter Rabbit, has been smitten by the Cabbage Patch craze. This one will send you directly to bankruptcy court!

It seems that a new set of those flat-faced creatures comes out every week, complete with all the paraphanelia that goes with them.

One must have several different ones named Esmerelda, Polly or Tad. Of course one of the gnomish bald Preemies is also a must. Then we have those athletic Cabbage Patchers, the twins (more costly than birthing real ones), and most recently, we have the Cabbage Patch Clowns.

There are Cabbage Patch play pens, high chairs, cars, dishes, not to mention a wardrobe that would put Prince William's to shame and costing almost as much.

Those yarn-haired gremlins can also be found adding a couple of bucks to the price of each kid's sweatshirt, dress, sweater, jeans or pair of pajamas they are emblazoned upon.

Now that I've had my say I guess I'll see if I can get Teddy Ruskin for under \$75. OK, OK, I'll get a few of those tapes that give him a vocabulary. Yes, I guess I'll have to get a few Ruskin outfits, one can't expect Teddy to perform in his natural state.

Yipes, I suppose I'll have to buy three of everything. I know, I know! Like mother like daughter, what can I say?

## Students Attend Confab

Eight Lake Villa Grade and three Antioch High School students were invited to participate in the National Council for Geographic Education Convention.

The students were: R.J. Weinke (fifth grade), Michael Huyett (fifth grade), Mike Mehnert (sixth grade), Duane Strantz (seventh grade), Cindy Contois (eighth grade), Briant Hume (eighth grade), Scott Schaeffer (eighth grade), Mike Tolley (eighth grade), Dean Bazata (freshman), John Mehnert (senior), and Wade Kilman (senior). Geographic software was demonstrated to educators by the students in the workshop session titled, "Computers, Kids and Geography."

They explained the concepts of the program and critiqued it from their points of view. The Oct. 11 session was designed to provide educators with the opportunity to preview geographic software and to help them learn what students thought of the programs—as enrichment and learning tools, for enjoyment, and appropriateness for grade level.

The session coordinator, Judith Bock, said the students took their responsibility seriously and did an excellent job discussing the software. Participants of the convention appreciated hearing the students' opinions.

# Rep. Dick Klemm Gives Conservation Advice

With the winter season upon us, all Illinois residents should take the necessary steps to conserve energy and keep their utility bills at a minimum. When residents cannot afford to pay their power bills because of economic hardship, they should also check into assistance programs which will help cover energy costs, according to State Rep. Dick Klemm.

Most residents can reduce the amount of energy used to heat their home by keeping the doors closed to unused rooms, closets or cabinets; placing a rug along the bottom of doors to stop drafts; opening the drapes on the east, south and west side of the home on sunny winter days; and closing the drapes or shades on cloudy days or at night.

It is also beneficial to keep the thermostat at 68 degrees during the day and dial the thermostat down five to 10 degrees during the night. This could save utility customers up to 10 percent on heating bills. In addition, residents should check furnace filters monthly, seal cracks around windows and doors with caulking or tape, and make "interior storm windows" out of plastic film.

## To Get Clothes

Almost everyone knows the story about the two tailors who are hired to make a special outfit for the Emperor and how they tricked him with "invisible" clothing.

"New Clothes for the Emperor," an updated version of this fairy tale by Eleanor Harder, will be presented Saturday afternoon at 2 p.m. on Nov. 15, 22 and Dec. 6 at the Central Lake Family YMCA, 634 E. Countryside in Mundelein.

Local students, who attended Greasepaint & Spotlights acting classes at the Y, are cast in all roles.

They are: Ann Frederick, Joanna Langworthy, and Lora Lang, all of Libertyville; Nicky Powers of Mundelein; Amy Brell of Wildwood; Jennifer Joblonski and Patty Ryan of Lake Zurich; Lisa Reinholz of Lake Forest; and Maureen Spiwak of Buffalo Grove.

Conserving the use of hot water can also go a long way toward lowering energy costs. Homeowners and renters can reduce their power bills by up to 20 percent by keeping the temperature on hot water heaters set on low—approximately 120 degrees. It is also a good idea to insulate water heater storage tanks with an approved kit; take a short shower instead of a bath; do not run hot water continuously when washing or shaving; and wash clothes in warm or cold water when practical.

For those who have difficulty paying their utility bills, the state has implemented several energy assistance programs. For example, the Illinois Home Weatherization Assistance Program helps low-income families reduce their utility bills by weatherizing their homes. Since 1979, the Dept. of Commerce and Community Affairs has used federal funds to weatherize—free of charge—an average of 15,000 homes a year for the elderly, handicapped and other low-income citizens. The weatherization is provided by local agencies, usually a Community Action agency. This one-time investment of weatherization funds is "repaid" when energy use is reduced year after year, allowing the family to remain more self-sufficient.

When a home is weatherized, energy costs

are reduced, and the dollars saved are free to be spent on other purchases. While calculations are complex, each dollar spent on purchases other than energy bills will generate about a dollar more in economic benefits to Illinois citizens.

Other economic benefits include the fact that the weatherization program pumps tens of millions of dollars into Illinois communities. Over 90 percent of these funds are spent in Illinois purchasing weatherization materials locally and creating jobs for Illinois citizens.

Those needing assistance in meeting utility costs can receive help through the Illinois Residential Affordable Payment Plan—often known as the "12-Percent Plan." This program allows qualified customers to pay 12 percent of their income on utilities. This lowers the amount citizens pay for utilities, and ensures that their power will not be shut off during the cold winter months. Those with incomes of up to 125 percent of the poverty level are eligible for energy assistance—approximately \$13,752 for a family of four in Illinois.

Another program, the Illinois Home Energy Assistance Program, helps eligible households pay home energy bills. For more information on this program, call the Energy Hotline, (800)252-8643.

# GOP Gained Ground In County Board Voting

by JOHN STEINKE  
(Political Columnist)

On Nov. 4, 12 out of the 24 Lake County Board members were elected to four-year terms. The Republicans maintained their long-standing dominance on the County Board, winning 10 out of 12 races in the fall balloting. The GOP gained one seat in the

election, and now commands a 20-4 edge on the county board. The Republicans recorded

a gain with the election of Matt Miholic from Dist. 2. The Democrats scored only two victories when the voters reelected Dist. 2 Rep. John Balen of Waukegan and Dist. 3 Rep. Sam Payne of Zion.

The Republican nominees were unopposed in the election from Dist. 4 and 5. Besides Democrats Balen and Payne, three GOP incumbents were also reelected, including Dist. 1 Rep. Helen Amendola of Highland Park, Dist. 3 Rep. Jim LaBelle of Zion, and Dist. 4 Rep. Norm Geary of Grayslake. Two former county board members made comeback victories: Dist. 2 Rep. Matt Miholic of Lake Bluff and Dist. 5 Rep. Mike Graham of Libertyville.

Dist. 6 Rep. Bruce Hansen of Lake Zurich retained his county board seat in the election. Hansen was appointed to the position on July 11, 1986, following the death of Glenn Miller. The four GOP newcomers are Dist. 1 Rep. Charlotte "Char" Kiesgen of Fox Lake, Dist. 5 Rep. Carol Calabrese of Libertyville, and Dist. 6 Rep. John Reindl of Mundelein.

Here are the Nov. 4 election returns from the six county board districts:

Dist. 1—Deerfield and West Deerfield Twp., along with the southern third of Shields Twp. and the eastern portion of Vernon Twp.

## University Women Pay Education Tribute

The Chain O'Lakes Chapter of American Assn. of University Women will honor National Education Week, Nov. 16-22. To pay tribute to local teachers and staffs, the AAUW will deliver baked goods to the teachers' lounges in school districts 24, 34, 41 and 117.

Donna Studee has made greeting cards to go with the baked good which read "The American Assn. of University Women salutes you during National Education Week, Nov. 16-22, 1986."

The school report card created in the Education Reform Act of 1985, was sent out from each school district by Oct. 31. The report card is intended to evaluate the performance of its schools and students.

Anyone who is having trouble un-

derstanding it can use a state publication, "Understanding the School Report Card, A Parents' Guide," which may be helpful.

The AAUW is receiving newsletters from school districts 24, 34, 41 and 117 this year.

News that would be of interest to the community will be briefly noted in the AAUW newsletter.

From the September/October school newsletters, there are several announcements. Antioch High School reported that it has created a babysitting service to aid the community. Milburn School and Lake Villa Schools stated they have preschool screening available for children ages three-to-five-years-old. The school newsletters will be at the branch meetings if anyone would like to read them for further details.

## Saint Therese Offers Screening

As part of a nationwide campaign to discover the "hidden diabetic," Saint Therese Medical Center in Waukegan, in cooperation with the American Diabetes Association (ADA), is offering free diabetes detection tests through Nov. 16, from 9 a.m. to 1:45 p.m., during "National Diabetes Month."

Diabetes affects one person out of every 20, 12 million nationally. Five million Americans are unaware they have diabetes. This is because many people with

Type II (non-insulin dependent) diabetes do not experience recognizable symptoms.

Registration for the FREE tests can be made by calling the medical center at (312) 360-2530 or (312) 356-6600 (Saint Therese Area Trauma Satellite, Lake Villa). Information is also available at the ADA Detection Hotline at (312) 346-1805. Appointments are necessary since participants must follow special dietary guidelines before the test.

### Luncheon and Economic Panel

The Lake Forest Graduate School of Management will hold an Economic Forecast Luncheon and panel discussion at 11:30 a.m. on Thursday, Nov. 20, at the Deerpath Inn, Lake Forest. Dr. Barry Amus, a nationally-known authority on economics, will discuss the impact of the 1986 election and tax reform on the economy. Joining him will be J. William Baker, vice president of First Chicago Corp. and chairman of the Lake County Planning Commission, and Jack Miller, president and CEO of the Quill Corp. Baker and Miller will discuss the implications of these forecasts on northern Illinois and Lake County. The luncheon is open to the public. Cost is \$25 per person, and reservations are necessary. For reservations or more information, call Faith Dick at the school, (312)234-5005.

## Superintendents' Graveyard

Perhaps the best argument residents of Arbor Vista have in seeking to detach from Warren Twp. High School and become part of Libertyville High School's District is the continuing instability at the top at Warren.

The abrupt "resignation" of Dr. Lawrence Callan last week lent credence to the local joke that Warren has become a superintendent's graveyard. It was clear that Callan was forced out of his job. In fact, the faction of the board that wanted him out was so desperate that it agreed to pay his contract through March, 1987 if he would agree to resign. He did.

Callan led the district admirably through a very tough couple of years. Consider some of the problems that have been dealt with in the past few years:

- Relocation of the campus to Lake Forest

in the aftermath of an arson fire, destroying the old campus.

- Putting together the money to rebuild the old campus in a manner that could bring the community into accord.

- Fighting off a bid by Arbor Vista residents to leave the district and attach themselves to Libertyville.

It is to Callan's credit that right up to the end, he worked diligently for the best interests of Warren's students. His persistent efforts were crucial to obtaining \$375,000 in emergency relocation aid that was vetoed last spring.

If the board of education does not soon exert the leadership to bring stability to the district, they may find that residents of Arbor Vista are not the only ones who would like to opt out.

## Plight Of Too Many Beds

At another time and perhaps another place, the revelation that Illinois has more excess hospital beds than any other state in the country would be devastating to plans for construction in North Chicago of the Chicago Medical School/Humana Corp. joint venture hospital. In the era of deregulation and advancement of free market competition, the reality of existing hospitals having scores of beds going unused comes as little more than incidental information.

A recently released study shows that Illinois has from 7,005 to 18,090 too many hospital beds with most of the excess being located in Chicago.

The significance of the study is that excess hospital beds add untold millions of dollars to health care costs in general. Even empty, a hospital bed represents a variety of fixed costs such as mortgage payments and staffing.

Existing Lake County hospitals, each with individual excess bed capacity, are working with various degrees of success in formulating new utilization policies. The advent of the proposed Chicago Med/Humana Hospital will only make a bad situation worse as far as these hospitals are concerned, but in the present environment it's "every man for himself."

Much as we support the free enterprise system, we struggle with the wisdom of abandonment of the apparatus of state supervised Certificate of Need (CON) process for building new hospitals as is being advocated in some quarters, especially higher medical care costs. The only hope is that the new hospital advocates, taking market conditions into account, might want to hold off on starting construction until population growth and redistribution catches up with bed capacity.

Even as naive as that might sound, what other straw is there to grasp? Along with the information on hospital beds, experts are predicting that up to 25 percent of Illinois hospitals will be forced to close within the next five years. That calamitous reality is almost impossible to contemplate, certainly a fact that can't be shrugged off with a bow toward the free market philosophy.

Obviously, the cumbersome and much-criticized Illinois CON process didn't do its job. The excess bed capacity didn't evolve overnight. Now maybe economic restrictions will come to bear, painful as they might be.

## Letters To The Editor:

### Deannexation Wrong

Editor:

I am speaking out in opposition to the deannexation of the Arbor Vista subdivision from the Woodland and Warren Twp. High School districts.

I am a private citizen who is not a resident of Arbor Vista, but am a resident of Warren Twp., having resided in Gurnee for 55 years. I am a former teacher at Warren Twp. High School, having taught there for 40 years, now retired.

The Warren Twp. boundaries were set in the 1700s or early 1800s. The Warren Twp. High School boundaries were set in about 1916 or 1917. The Woodland Grade School boundaries were set in 1948 or 1949. These lines have all served well in the past, and I feel they should continue to remain the same in the future.

It is my belief that when the people now living in Arbor Vista purchased or built there they knew that the properties were in the Woodland school district and the Warren Twp. High School district, and that they surely did some investigating as to what school their children would be attending, and what the schools were like.

As a teacher at Warren for 40 years and as an observer for the past 15 years, I feel that Warren students have received and are receiving a very good education, and that the students coming from Woodland likewise have had a good educational background.

I was senior class sponsor at Warren for many years, and have since attended many class reunions, and have seen and heard of the many fine successes of WTHS graduates, successes of which we all can be proud.

I have likewise attended most of the honors assemblies at WTHS at the close of the school term for the past 15 years and thus have seen and heard of the many honors and accomplishments of our present students. Assuredly they are getting an excellent education. The opportunities are there.

I live near the center of the township. If I am dissatisfied with the school systems or am not pleased with my neighbors or the community, I can deannex from the town-

ship by simply selling my home and moving to a location that I desire. The same can be said of the individual families residing in the Arbor Vista subdivision who are now asking for special privileges for themselves.

I do not believe that it is right for this portion to be carved out of Warren Twp. and subsequently placed over the line into the Libertyville area, an action that would create new problems for both the Woodland and the WTHS school districts.

I believe that my opinions represent the opinions of a silent majority of Warren Twp. residents who have not spoken out.

I urge that the County School Board of Trustees deny the petition of Arbor Vista to deannex from the Woodland and the Warren Twp. High School districts.

Gilbert D. Clem  
Gurnee

### Here's A Mayor Who's Selling His Community

by BILL SCHROEDER

Some mayors do more than make sure the village bills are paid, the sewers are working and that the police dept. is writing enough traffic tickets.

Some of them, like Mayor Martin J. Itzin of Burlington, Wis., are deeply involved with industrial and economic development. Mayor Itzin recently has been sending letters to business leaders and owners in this locality, urging them to look at his community for plant expansion or relocation. What he has to say is interesting—and significant.

We were especially interested in what Mayor Itzin referred to as "everything to please you and your employees." Consider this shopping list:

- Industrial park with city services
- Security
- Recreation opportunities
- Excellent school system
- Fine medical care and facilities
- Airport
- Abundant housing
- Unique location with easy access to Milwaukee and Chicago.

As a clincher, Mayor Itzin enclosed a clipping from the local newspaper describing how Burlington is less expensive in which to live and work than most other locations throughout the U.S., according to a cost analysis by Runzheimer International, a consulting firm.

Well, Burlington is a pretty nice town, but on the basis of the mayor's shopping list, I'd say our community stacks up pretty well in the same categories, besides being closer to Milwaukee and Chicago. The difference is that Mayor Itzin is out beating the drums for his town, telling the world about Burlington and doing something positive about promoting jobs and better economic conditions.

Nice going, Mayor. We commend you. How about some of Lakeland's chief executives taking pen in hand?

**DUAL EVENT**—The Lake County Family YMCA is coupling a tribute to a tireless civic leader with fund raising in a \$100 a plate dinner Monday, Nov. 24, at Glen Flora Country Club.

The occasion will honor Richard F. Kennedy, retired publisher of the Waukegan News-Sun, one of the most indefatigable workers for worthwhile public causes in memory. Dick and I crossed paths from time to time on various civic projects, but this writer and no one else ever kept up with the always jovial news executive.

About the only thing Kennedy never got involved with was politics. Maybe that's why he had time for so many other endeavors. He and his wife are residents of HeatherRidge, Gurnee.

★★★★★

**NOT FORGOTTEN**—Sybil Yastrow, newly elected regional superintendent of schools, opined in the waning days of the November campaign that she was the "forgotten candidate." Running unopposed, maybe she was.

And by a quirk in the statutes, Mrs. Yastrow won't take office next month when other county officials will be sworn in. She won't take over her duties by law until next August.

While other candidates tended to the grubby job of corraling votes, Sybil was able to immerse herself in the job of helping solve problems of the county's many school districts. "That's the part of my job I love, problems relating to children and schools. I'm not a politician."

Even if she wasn't center stage during the campaign, we're predicting Sybil Yastrow won't be forgotten, certainly not when she takes over next year.

★★★★★

**TAKING OVER**—A festive occasion has been planned at 11 a.m. Friday, Nov. 21, when Vincent Rooney will be installed as postmaster of the Grayslake post office. Rooney has been postmaster of Highwood. This is an event where postal officials from all neighboring towns, community leaders and family and friends take part. We wish Postmaster Rooney well.

★★★★★

**FOREIGN IMPACT**—In case you've been taking stories about the impact of foreign competition with a grain of salt, enter Libertyville from south Milwaukee Ave. and see for yourself. There are so many Japanese auto signs on either side of the road that it looks like you're entering the outskirts of Tokyo. More and more foodstuffs are turning up on supermarket shelves that were manufactured overseas. Our family enjoyed a seafood bisque the other night. Turned out that the meal had originated in Japan. I'm not talking about fancy, gourmet items, but everyday, plain, simple things. Pretty scary. Makes you wonder sometimes what's happening to America.

## 'Ham' Has Signals Straight After Retiring

by GORDON CRANDALL

Howard E. Hamilton of Leisure Village is truly "a man for all seasons." He has been an executive of a multi-million dollar firm, an Army Air Corps veteran, a ham radio operator, a private airplane pilot, boating enthusiast, and a classic car collector.

He just joined the ranks of retirees this year as vice president and regional manager of America's largest professional fundraising counseling firm, Ketchum, Inc. He also served as a member of the board of directors.

In case you wonder, as many do, what kind of occupation this is, Ketchum, Inc. plans and manages major multi-million dollar fundraising campaigns for colleges, universities, hospitals, as well as other institutions and special agencies. The objectives of these campaigns currently range from about \$2 million to \$300 million.

Here's a partial list of institutions and organizations for which Hamilton has served as counsel: The University of Chicago, George Washington University, St. Louis University, University of Wisconsin, Abbott-Northwestern Hospital, two YMCA's, the Salvation Army, and the National Assn. of Broadcasters, to name a few.

He is especially proud of his role in organizing a United Way charity drive in Los Angeles during 1957. There were a total of 20,175 volunteers in that area under his direction.

Like the fictional Horatio Alger, Hamilton started from small beginnings. He was born to immigrant parents in the little town of Landskrona, Sweden, in 1919. His mother was an elementary school teacher and his father was a tradesman, who later became a superintendent for International Harvester. The family emigrated to the U.S. when Howard was only seven-years-old. Today, he has no trace of a Swedish accent.

His education consisted of graduating from Escanaba (Mich.) High School and the University of Nebraska as an English major.

He enlisted in the Army Air Corps and served from 1942 to 1946. Most of the time he was a Special Services officer who organized recreational activities and USO shows for the military. He claims he had "101 different assignments."

He was stationed at several air bases, but remembers well Muroc Air Base (now Edwards) in California, a B-24 transitional training airfield. He was three years married when his daughter, Regina, was born on the base.

Howard had met Louise Scholle in late 1939 through some friends. The next February he gave her a Valentine and took her out to dinner in Chicago where she lived. Cupid must

have hit the spot, for there followed a three-year courtship ending in their marriage in St. Louis on Jan. 23, 1943.

The Hamiltons have two children and now, four grandchildren. Their daughter, Regina is a nurse in Hartford, Conn. and has two boys, ages 13 and 16. Son Howard Jr., lives in St. Charles and has a daughter, 10, and a son, 7. He manages his own advertising firm.

Howard is the daredevil type, so naturally he had to fly his own plane, or planes as it turned out. In 1939 he began training to fly with a Velie Monocoupe, the sportsmen's aircraft in the '30s. He got his pilot's license in 1941. Later he went on to Piper Cubs, Aeronica Champions, Stinsons, Wacos, Beechcrafts and others.

Today, he and Louise attend all the airplane shows like the one at Oshkosh, Wis. Howard belongs to the Experimental Aircraft Assn., a dwindling group of aviation pioneers who flew OX-5 engine aircraft prior to Dec. 31, 1940. This was the engine for all "Jennies," World War I military planes.

The Hamiltons are also active in a Classic Auto Club. They go on auto tours and rallies like those at Lake Geneva. They are proud owners of a 1967 Ford Classic Mustang convertible, a vintage burgundy body color with a white top. "Four on the floor"—remember?

Howard served with the Fifth Air Force in the Pacific Theatre of Operation during the latter part of World War II. He was stationed at air bases in Hawaii, Guam, Okinawa, and finally Japan. He was assigned to Special Services and his duty was to arrange USO shows for the military. "Something for the boys," as singer Mary Martin put it, included such popular acts as Sharon Rogers' All-Girl Band from Chicago. We can assume the GIs liked that, as this former GI can attest.

Occupation duty at Aitugi Air Base near Tokyo was his last overseas post. Here he was in charge of the U.S. Army Educational Service. Howard said, "I enjoyed Japan immensely. I met some interesting and clever people there." But no "Sayonara" to some Madame Butterfly, for he had his Louise.

After the war Howard continued to work with the USO as club director in Las Vegas. From there he became an executive on the national staff in New York, then regional director on the West Coast.

After gaining some fundraising experience with The United Way in Los Angeles, he heard of an opening with Ketchum, Inc. professional fundraisers, and applied for it. He was hired and began as campaign director in December 1957. He was promoted to vice-president of the company in 1967. In 1971 he was promoted to regional manager of the midwestern region. After 28 years with Ketchum, Howard retired in February of 1986, to

### What A Ham!

Ham radio operator Howard Hamilton enjoys the short-wave radio set he has in his closet at Leisure Village. Since the Village does not allow roof antennae, Hamilton uses a dual antenna in a dipole through the attic. In spite of the limitation, he is able to talk with operators in New Zealand and out on the oceans at times.

a more serene lifestyle in Leisure Village.

For the last 30 years Howard had thought of being a ham radio operator.

"Some 40 years ago a friend, Carl Lindstrom in Omaha, interested me in short-wave radio," he said, "but I didn't have the money to get the equipment in those days. Finally, in 1982 I bought some books and tapes on amateur radio operating, and listened to the tapes during the frequent plane trips I had to take for my work."

"Any radio amateur can give you the test from FCC for your novice license. Coincidentally, I met this same friend again after all those years, and he gave me the test. After I passed the novice class test, I then passed the technician class test, consisting of a written exam on radio theory and FCC regulations. Finally I passed the general test using code tapes and received my amateur radio operator's license."

Leisure Village condo regulations preclude any antenna on the roof of one's house. So how does Howard broadcast with his short-wave radio? Simply through an attic antenna. He transmits messages on a 100-watt set with only a 22-foot antenna in a dipole set in a tiny closet. He also has a 66-foot long antenna inserted in the attic with an antenna tuner which electronically shortens or lengthens the antenna to the appropriate frequency.

"I primarily work on 15 and 20 meters band," Howard added. "I have voice contacts with both east and west coasts, South America, Canada and Mexico. Recently I communicated with Auckland, New Zealand on 10 meters. The other radio operator and I exchanged information about transmitters

and antennas, and he was surprised at his good reception from only the attic rig of mine."

"And I have some very interesting chats with my fellow 'hams' round the world. The other morning at 2 a.m., I contacted the skipper of a Japanese merchant ship in the north Atlantic. He told me that it was a cold, rough night out there in the ocean. It turned out that he lived near the air base where I had served in Japan."

Like most Leisure Village residents, Howard had a good reason for settling there. He and Louise had a home in Schaumburg for some time, but in 1976 they bought a small unit in the village as a "playhouse" as they called it. They liked the social and recreational facilities so well that, in 1980, they bought their present larger house.

However, because of his time-consuming fundraising work, Howard kept a low profile until this year when he retired. Now he is very much the man-about-the Village.

Now a member of the finance committee, Howard was appointed chairman of a special bus study to determine the feasibility of buying a new bus to replace the old Village bus. The committee recommended the purchase of a new, smaller bus based on their study of ridership and utilization. They concluded that the Village only needed a smaller bus for shopping. The board of managers accepted their recommendations.

What pleases Howard most about living in Leisure Village is "the Recreation Center, the friendly neighbors, the security gate, and the active lifestyle of most of the residents. It's a great place to retire and I recommend it to anyone," he concluded heartily.

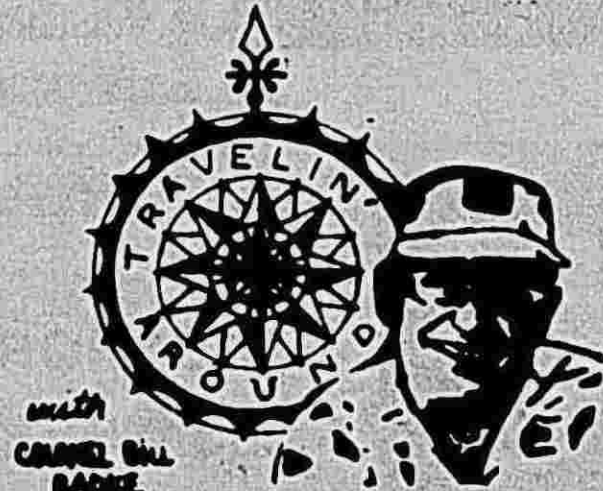

## Kentucky Lake Offers Warm Temperature And Welcome

We left Chicagoland at 7:30 a.m. enroute to Kentucky Lake, Ky. Our destination was Southern Komfort Resort, Campground and Marina in Benton, Ky. It was 38 degrees and foggy. This time of year the added beauty of fall colors was apparant, even close to home on Rte. 45 in Cook County Forest Preserves. Kankakee, our breakfast stop, provided biscuits and gravy, my favorite, which put us in a southern cooking frame of mind, though only 50 miles enroute.

Switching to I-57, we followed it to Effingham, almost half way in our 415 mile trip. After lunch, we continued southward. Highway plantings of trees and shrubs blazed with reds and browns in the afternoon sunshine, while distant bordering hill growth presented yellows and tans, with scarlet sumac undergrowth. Picking up I-24, we crossed the new bridge over the Ohio River and into Kentucky.

Visitors can stop at the Whitehall Welcome Center, on I-24 near Paducah, a rebuilt mansion with authentic colonial plantation architecture. They will furnish updated maps and booklets that are welcome assistance. It's part of the Southern hospitality that has pushed tourism into a top position Kentucky's in economy. It was 72 degrees when we arrived at Southern Komfort, aided by the warm reception of the Balik family.

We noted, enroute, the growing number of RV vehicles and trailers heading south as the

beginning of the "snowbird migration". License plates from Canada and the northern U.S. indicate their source. Even frequent Florida plates confirm that those residents seeking cooler summers, are now heading back to winter comfort.

Dave Humphreys, president of the Recreation Vehicle Industry Assn., said 1986 RV travel has shown a substantial increase and is expected to continue through 1987. Visits to National and State Parks and commercial campgrounds were up significantly this year. He cited a University of Michigan survey which found that over 25 million Americans travel regularly by RV's and spend an average of 23 days annually on the road, traveling 5,900 RV miles. RVing, he added, is good for the general economy, while providing fun, comfort and unique travel opportunities in an economical home-

away-from-home family atmosphere. RVing also answers the need for enjoying the outdoors, staying physically fit and sharing quality family time.

There is something else in the air...air-planes. Air Canada reminds that the Canadian Rockies will welcome the world to the 15th Olympic Winter Games in '88. Previews to this event are in order for '87 at slopes which challenge the world's best. It

may seem early for ski plans, but the Canadian Rockies usually offer chairlift service in mid-November that continues into June. Chicago based, all inclusive packages of accommodations, transportation and ski fees are available from travel agents or Air Canada, (312) 836-6030, which offers daily flights to some of the last great uncrowded ski areas.

## Madeira Better For Cooking

When I came across a recipe for chicken in cream sauce, I knew it would be a hit if the wine was any good. I checked with two friends who know their wines and they said that madeira was for cooking, not for drinking.

## Pilot Light GREG MELIKOV

My guests agreed. They left their wine glasses half full. Their dinner plates were almost squeaky clean.

To ensure chicken delicious, follow these tips:

Brown the chicken breasts three at a time and don't pierce the skin; turn with wooden spoons.

Cooking time will be determined by the soundness of your Dutch oven. My waterless cookware reduced the normal time by at least 15 minutes.

Keep the chicken warm while preparing the onions, mushrooms and sauce. The microwave oven does nicely.

You can substitute cornstarch for flour, especially if you discover the flour bin empty in the middle of the sauce.

## Chicken Breasts in Madeira Cream Sauce

5-6 chicken breasts  
1/2 cup butter  
1 tablespoon olive oil  
1 pound pearl white onions, peeled  
1 pound mushrooms, washed and halved lengthwise

1 teaspoon salt  
1/8 teaspoon black pepper  
3 1/2 teaspoons cornstarch or 3 tablespoons flour  
1/2 cup madeira wine  
1 egg yolk, slightly beaten  
finely chopped parsley  
Rinse chicken, pat dry and brown in 1/4 cup hot butter and oil in 6-quart Dutch oven. Add 2 tablespoons water, cover pot, reduce heat to low and cook one to one-and-a-quarter hour; remove chicken to serving platter and keep warm.

In small saucepan, cook onions in one-inch boiling water, covered, five minutes, drain, toss with 1/4 cup butter, and saute five minutes, stirring. In large skillet, saute mushrooms in 1/4 cup hot butter for five minutes, stirring; mix with 1/2 teaspoon salt and pepper. Drain all but 1/2 cup dripping from Dutch oven; stir in cornstarch or flour combined with wine, add 1/2 teaspoon salt, mix cream with egg yolk and slowly stir into wine mixture. Heat sauce on medium heat, stirring, but don't allow to boil; reduce heat to low, stirring, until thickened. Flank chicken with onions and mushrooms. Garnish vegetables with parsley. Dribble a little sauce over chicken and serve rest in gravy boat. Serves 5-6.

## House Cats, Wildcats Have Similar Habits

by CHARLENE WHITNEY

It is believed that all house cats came from the African Wildcat. Most wild cats can't be trained to live with people, but the African wildcat can be and is most friendly.

Turkish Angora, Bombay, Russian Blue, Persian, British Shorthair, Ragdoll, Scottish Fold, American Shorthair, Korot, and Japanese Bobtail.

The breeds may look different, but under the skin

Cats have very good hearing to catch prey. They need not turn their heads. Instead, their ears can turn in different directions to know where the sound is coming from.

The cat has very good eyes and can see in the dark. His whiskers also help the cat to find his way. Cats can push their whiskers out in front of them to feel their way.

If you wish to learn more about the many breeds of cats, there are many books in the library. A cat show is the best way to see the breeds. If you have a special breed in mind, you may find a breeder at a cat show. Your vet may know of a good breeder. There are also many beautiful cats to be found at shelters. However, people don't really own a cat. You are only a guest in his territory. He will be the purr-fect host.

## Pet-Wise

It is believed that Egypt had the first domestic cats about 4,000 years ago. Here, the cats were worshipped as gods. Anyone who hurt a cat was put to death, and it was a crime to take a cat out of Egypt. This may be why it took about 1,600 years before the cat reached Rome. Six hundred years later, the cat made it to England. It took many years for the cats to spread to other countries. The domestic cat most likely came to America with Christopher Columbus in 1492.

In the world, there are about 500 million domestic cats. There are about 33 different breeds. Some of these are Himalayan, Siamese, Main Coon, Abyssinian, Burmese, Birman, Rex, Manx,

they are all very much like the African wildcats. At times, they still behave like wild cats.

Wild or domestic, the cat sometimes marks his territories by scratching trees, or the house furniture. This is also a means for sharpening claws. Claws help the cat to grab and to grip. When the claws are not needed, the muscle on the top of the foot pulls the claws in and up. A muscle at the bottom of the foot pulls back and the claws come down. Claws help the cat to hold onto prey, climb trees and, if needed, protect himself.

Wild and domestic cats, as mothers, carry their babies around in the same way. Both may sleep by day and hunt or prowl by night.

## How To Beat Floods Without An Ark

by GARY S. MEYERS

When your home has suffered a disastrous flood or fire, it's not always enough to have insurance. You may also need someone to slog through the muck for you and help reclaim your belongings.

What you may need is a disaster clean-up contractor, who specializes in helping homeowners and business people recover from disasters big and small.

"Recovering from a fire or flood is an overwhelming task physically and emotionally," said Bill Hughes, president of Metropolitan Services, Inc., a disaster restoration firm. "We evaluate the damages and determine what goods can be salvaged."

In the event of severe damage, which requires the household goods to be removed while repairs are being made, firms like Metropolitan will take inventory and pack up the belongings to be cleaned and deodorized.

"We do whatever is necessary to restore your belongings and then store them until the building has been repaired," said Hughes. "We also dry out structures that have suffered water damage through a flood or from fire hoses."

Recently Hughes' company was contracted to assist in the recovery of a moving and storage com-

pany that was hit by the floods that afflicted a large part of the Midwest.

The mover had about 350 storage bays, all of them holding other peoples' households, and all of them containing about two feet of water, said Hughes.

"We coordinate most of the repair work through subcontractors," said Hughes. "We have about 320,000 cubic feet of warehouse space for storage, but that's not enough."

Most disaster restoration companies, including Metropolitan, do not get involved in the reconstruction of damaged structures.

"That's what usually takes the longest," said Hughes. "We can have the belongings cleaned, deodorized or refinished in a few weeks. (Drying a building usually takes a bit longer.) Reconstruction of a building, on the average, can take from three to six months."

In choosing a disaster clean-up contractor, it's a good idea to know in advance what services you need, so you don't get burned after the fire is out.

"It's like looking for an insurance company," said Hughes. "You have to know what's available before you can get the kind of help you need."

"The family is usually in shock when our services are needed," said Hughes. "The

first thing they do is call their insurance agent, who usually recommends a clean-up company."

Another important step is to call the Better Business Bureau. They can let you know if there are any consumer complaints against the clean-up contractor.

"When the choice is left to the disaster victim," Hughes said, "you want a company that's reputable, that's been in business for awhile."

"If it were me, I'd check the facilities of the contractor to assure myself that he can handle the job."

Hughes said that the recovery cost for an average house could run up to \$20,000, not including carpenters. The cost, he said, is determined by the amount of work to be done, rather than the numbers of rooms or area damaged.

For example, there is a

### Edison Announces Free Programs

Community organizations, civic clubs and schools can benefit from free presentations on a wide variety of energy-related topics. These programs conducted by Commonwealth Edison managers, and engineers, are custom-tailored to match an audience's specific interests. When talking to students, presentations are carefully geared to the grade level and previous studies of the class.

Barbara Arnold, Edison's assistant district manager in Waukegan, predicts that the most popular programs this fall are likely to be those on careers in the energy field, energy conservation and home winterization, nuclear power, and, in the schools, the basic principles of electricity. Church youth groups and scouts are likely to choose Edison's informative but entertaining demonstration titled, "Electricity: Science and Safety."

Group leaders and teachers wishing to inquire about a program should contact Arnold at (312) 249-3210, ext. 222.

fixed price for restoring a five-drawer file cabinet.

"Often people don't realize how extensive damage can be," said Hughes. "A fire in the living room can send soot through the whole house. It can get into the ventilation system and spread throughout the entire structure."

Likewise, flood recovery is not just a matter of drying out.

"You can have mud and sewage in the water, so you have to have everything cleaned, decontaminated and deodorized, or there's a high risk of disease."

One flooded homeowner said after using a disaster restoration firm, "Their fee was covered by the insurance company, and I was saved a lot of time and much pain by having professional help with the clean-up."

## Offer Stock Picks To Beat The Pros

by GARY S. MEYERS

It's time once again to jump in the ring with the big bulls and find out which stocks they're putting their money on.

This week we spoke with Mark Klibanow of E.F. Hutton and Co. for a sampling of stocks recommended by his company, one of which may be right for you.

**Koppers Company, Inc.**  
Suitable for: Long-term, growth-oriented accounts.

**Company description:** A diversified manufacturer, Koppers has recently begun focusing on construction materials, plus chemicals and allied products.

One unit of the company, in addition to providing construction and engineering services, also produces crushed stone, sand, gravel, and ready-mix concrete. The chemical and allied products division produces coal-based products and treated wood products. The company also owns a venture capital firm.

**What moves the stock:** "Koppers is going through a

major restructuring program to divest itself of its engineering and metal products operations, which comprised about 30 percent of invested capital," said Klibanow.

"The move is beginning to produce results," said Klibanow. "The company, along with a British firm, has begun a joint venture in the construction materials business. The stock has pulled back because of some concerns over the economy."

**Performance:** "The stock pulled back because of concerns about the economy. Koppers has seen some disappointments recently, but the restructuring should stabilize the company's earnings," said Klibanow.

**Forecast:** "Projected estimates for growth of the construction material and services unit run at 10 percent to 15 percent. Additionally, a reduction in excess plant capacity should lead to increased profitability," said Klibanow.

**Beverly Enterprises.**

Suitable for: Long-term, growth-oriented investment.

**Company description:** Beverly is one of the largest owner/operators of long-term health care facilities in the U.S., operating about 1,000 homes with 115,000 beds. Beverly also has interests in congregate care projects for retirees, and home health care.

**What moves the stock:** Currently, Beverly receives two thirds of its revenues from the Medicare and Medicaid programs.

**Performance:** "Steady growth bodes well for Beverly, but a wide trading range means a roller coaster ride. Jumpy investors beware!" said Klibanow.

**Forecast:** Beverly is becoming an increasingly important factor in the home health-care industry. "As the population of elderly people in America grows, this company should see a 15 to 17 percent growth over the next five years," said Klibanow. "Despite some short-term regulatory problems in California, Beverly should increase its influence in the nursing home market." Revenues are expected to grow over the long term.

**Dart & Kraft, Inc.**

Suitable for: Conservative, blue-chip investments.

**Company description:** In addition to processing Kraft cheese, Dart & Kraft markets Tupperware, Duracell batteries, West Bend appliances, and Wilson Art. The company is splitting into two companies, which will include: Kraft, which will retain the cheese trade and Duracell, and a new company called Premark, which will be comprised of Tupperware, Hobart, West Bend and Wilson Art.

**What moves the stock:** As a result of the split, shareholders of Dart & Kraft will receive one share of Kraft for each share of Dart & Kraft. Experts are optimistic on the future of Premark, citing earnings of \$1.89 in the first six months of 1986.

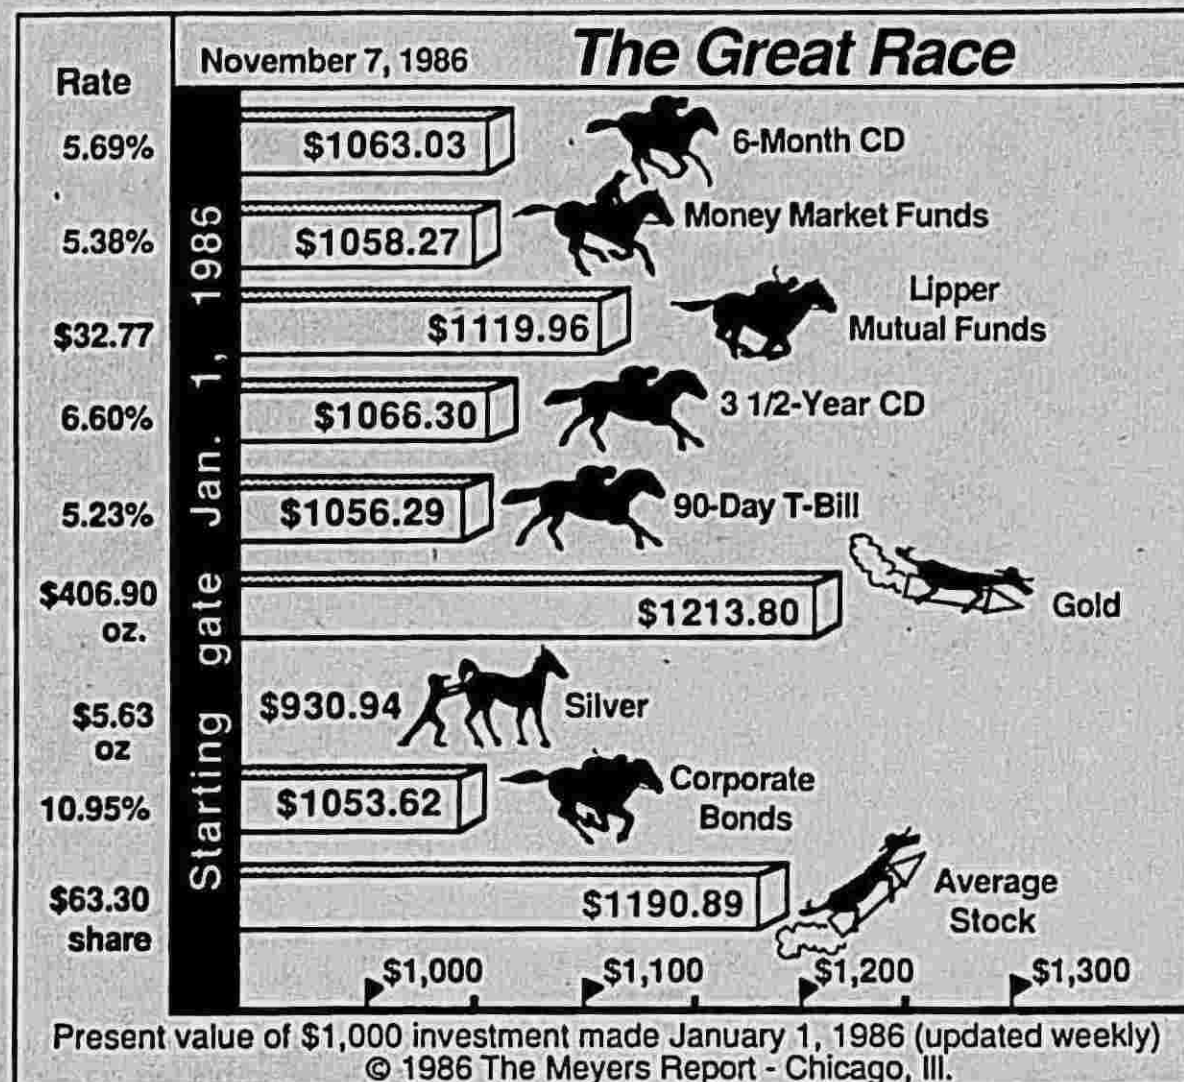

**Performance:** Dart & Kraft's size makes it a stable investment, as evidenced by consistent growth in ear-

nings.

**Forecast:** "Look for Dart & Kraft to reach the \$80 mark over the next year."

reflecting a \$72 price for the new Kraft and \$28 on Premark," said Klibanow. "It's an asset play. You are

getting a lot of household names at a reasonable price."

## Abbott Tops Out Frame For High-Tech Building

Abbott Laboratories officials gathered Oct. 28 for a "topping out" ceremony marking completion of the structural steel frame for a new high-technology diagnostics research building at Abbott Park.

The 290,000-square-foot facility, which is scheduled to be completed in late 1987, will eventually accommodate 500 research and support personnel. Abbott began construction of the building in May. The new building will be the fourth research facility added at the company's Abbott Park complex since 1980. Abbott's investment in research and development has grown at a compound rate of 20 percent over the past five years.

"The company's rapid growth in diagnostics, particularly in the area of physician's office testing

systems, has created the need for additional laboratory space to support new product development," said David Thompson, vice president of diagnostic operations at Abbott. Abbott is the world leader in diagnostics.

Some of the design features of the new research facility include sophisticated computer and telecommunications systems,

special environmentally controlled laboratories, and a vibration-controlled optics lab.

Abbott Laboratories is a worldwide manufacturer of health-care products employing some 36,000 people. In 1985, the company's sales and net earnings were \$3.4 billion and \$465 million, respectively, with earnings per share of \$1.94.

## CLC Kickers End Second, Men's Hoops Team Starts

by JOHN PHELPS

The College of Lake County's mens soccer team concluded its 1986 campaign Nov. 8 with a 2-1 loss to Triton in the Region IV championship game.

Lake County dominated the first half in a game that was primarily defensive. Lancer Derek Bromstead put LC on top when he scored late in the half, assisted by Luis Holguin. With several unconscious saves by goalie John Susman, CLC took a 1-0 lead at halftime.

Triton was not going to be denied, as it tied up the contest midway through the second half and what had been one outstanding struggle proceeded to OT.

In the overtime, the intensity and tenacious defense on both sides refused to let up.

The final blow in this championship game unfor-

tunately in the hands of Triton as they sealed the victory with a goal late in the extra period.

Thus, the Lancers' drive for a national tournament bid ended. However, with a 9-6-1 record and a second place state trophy, CLC has every right to be proud of its accomplishments.

"We really played our hearts out. This was probably our best performance all year. I never really liked to go home with a loss, but with as far as we went this year, I'm equally

as happy. It has been a real satisfying season and I'd like to thank the fans who came who supported us throughout the year, and especially those who came out and backed us on Saturday," CLC first-year coach Dave Beck said.

On a final note on the CLC soccer season, two Lancers were honored. Co-captain Tom Holevas was awarded unanimous all-region honors, while CLC's goalie Susman attained runner-up all-region honors.

With the fall sports coming to an end, it's time to briefly preview the 1986-87 CLC men's basketball team.

The CLC team opens its 1986 season Friday, when they host their fourth annual "tip-off" tournament. Head coach Dr. Bruce Smith is

heading into his 18th season, coming off a 22-10 record last year.

There are three returning lettermen on the squad this year.

Dave Sitz, out of Warren, is a 6-5 185 pound forward starter from last year. Sitz brings his patented jump shot and rebounding ability.

David Tucker, a returning point-guard, is 5-11, 155 from Waukegan East with the quickness and ability to penetrate inside.

The third returning letterman is Todd Gordon, a 6-2 170 pound guard and sixth man last year.

Vying for guard time include Mike Curley, 6-0, 160, from Carmel High School; Domonic Davis at 6-0, 150, from Jamacia; Terry Wright at 5-11, 160, out of Waukegan East.

Also at guard, all from Warren, are Chris Staranowicz at 6-0, 165, Joel Elfering at 5-11, 140. Another Warren grad is Mike Scribner, a 6-2, 160 pound forward.

CLC looks to have good size and strength at the center position as Don Gunther

at 6-5, 185 and Matt Weber at 6-4, 170 competing for time at center. Both players are from Antioch High School. It should be noted that Mark Kohl, a 6-6, 200 pound center will be eligible in January.

The key to the Lancers' success will be depth and head coach Smith adds, "the ball handling is good and if the rebounding and defense come around, we'll look to be strong contenders for the conference title. But most importantly, the guys work

hard and work together," Smith said.

The tournament will be a round-robin format.

Games Friday start at 6 p.m. with Oakton taking on Moraine Valley. At 8 p.m., CLC faces Highland.

Games Saturday start at 11 a.m. with Moraine Valley vs. Highland. At 1 p.m. U. W.-Waukesha takes on Lake County; Highland faces Oakton at 5 p.m. and Lake County takes on Moraine Valley at 7 p.m.

## Name Klobberdanz Rockford Captain

A Carmel High School and College of Lake County graduate will be playing basketball for Rockford College this winter.

Mike Klobberdanz, of Libertyville, has also been elected captain for the Regents.

Klobberdanz, a two-year

player at CLC, was the top junior college rebounder last year as the Lancers won another Skyway Conference title.

The 6-4, 210 pound junior is expected to start for the Regents at power forward.

He is a 1984 graduate of Carmel High School.

## CLC Women Runners Finish 12th At Meet

As far as College of Lake County cross country coach Joe Peebles is concerned, his program is back on track.

The first-year mentor started with a bang as the women Lancers finished 12th in last week's national meet.

"There were 47 teams represented and to finish 12th is pretty good for us," Peebles said.

Three CLC runners finished within 15 seconds of each other on the three-mile course.

Deb Deuhring was the top CLC finisher at 63d with a 22:52 time. Denise Domanico was 64th at 23:04 and Denise Winkowski was 65th at 23:07.

Other finishers for the Lancers were Denise Cadeau at 26:28, 72d and April VanSickle at 73d at 28:24.

Peebles described the course at Hagerstown, MD as "fair but definitely tough. Our girls are very sore. Next year we'll practice more running downhill."

Mike Campbell, CLC's entry in the men's meet was 127th out of 215 runners with a 29:12 on the five-mile course.

Barton County, KA won the women's meet with Rich's College of Idaho winning the men's team title.

## Grant Dominates NWSC Selections

If the all-Northwest Suburban Conference football squad's first 11 selections ever met, Tony Bussone might feel a little out of place.

Grayslake's linebacker is the only player in the top 11 not wearing Grant's red and black. All the other players, including NWSC most valuable player Brad Frystak, are from Grant.

Brad, a senior, finished with 485 yards, averaging just over five a carry. He also had three touchdowns.

Defensively, the elder Frystak had 125 tackles, four fumbles and three interceptions.

Quarterback Garry Glauser is the team's signal caller, flanked in the backfield by the Frystak brothers, Kevin and Brad.

The trio led Grant's offense to a 9-0 regular-season record. The offense was finally stopped by Lake Forest in the first game of the Class 4A playoffs.

The first team's wide receiver is Mike MacDonald, who averaged about 15 yards catching Glauser's passes.

Linemen from Grant are guard Randy Rous, guard Mark Gallimore, end-safety Marc Borton, end-cornerback Mike Kazlauskis, and defensive guard Tyler Hamm.

All Grant players on the first 11 are seniors with the exception of Kevin Frystak, Grant's flashy tailback who will be back to bring gray hairs to area defensive coordinators next fall.

Other teams began to make their presence felt on the second 11.

Defensive players Charlie Giovanni, Jeff Heumann and Emil Marunde are on the second 11. Giovanni is a linebacker, Heumann an end and Marunde a tackle.

Lake Zurich is represented by Steve Hall and Craig Thomas.

Marengo's Indians placed five players on the team. They are: linebacker Dean Brandt; end Mike Hagen; quarterback-safety Kevin Shelton and end Mike Hagen.

On the third 11, Marian Central dominates the team with six selections.

The Hurricanes are represented by end Sean Noonan, end Steve Lalor, defensive tackle Joe Remke, linebacker Rich Powers and tackle Pat Boulden.

Four Round Lake Panthers are on the team. These are guard Pat Molitor, end-cornerback Rob Akers, tackle Scott Center and linebacker Michael Fox.

Todd Marlow and Dan Torres are Wauconda's representatives.

# Win Streak Highlights Blue Devils' '86 Season

by STEVE PETERSON  
Sports Editor

When a football team starts a season by losing three of its first four games, quitting might be a natural reaction.

But quitting is not natural at Warren.

"The kids stuck in there and believed they could win. As the season wore on, we got more and more discipline. There's no substitute for hard work and discipline," Warren coach Reggie Hughes said.

It took a five-game winning streak, built on the foundation of a solid defense and a blue-collar type offense without any flashy receivers or running backs to get Warren into the playoffs. Before the season started, Hughes felt a .500 or better record was a realistic goal.

Although the Blue Devils were ousted 20-8 by Belvidere in the first game of the playoffs, Hughes and his forces can look back at the '86 season which was rescued from the brink of mediocrity.

Hughes complimented the work of his staff in getting Warren back to the Class 5a playoffs after a 3-6 1985 season.

Warren placed six players on the all-North Suburban Conference team, led by John Dollenmaier, selected as the league's third top

player. Other Blue Devils on the all-league team were Jim Rung, Brian Snell, Mike Wagner, Sam Diamantopoulos and Derek Shelton.

Against Belvidere, Warren dominated early. The Blue Devils kept the ball in Bucs territory but crucial penalties kept them from scoring.

Belvidere, which had just one first down for the half, scored the half's only touchdown.

The Bucs took advantage of a roughing the kicker penalty on Warren and a fumble recovery to put the ball at the Warren 30. Belvidere's Michael Paulson wasted no time in scoring a touchdown up the middle. The extra point made it 7-0 with 9:28 left in the half.

Warren, using an effective passing game against a weak Belvidere secondary, seemingly was in position to tie the game at the end of the half. But a sack of Shelton turned a third-down and two into a fourth and 11. Warren went for a first down and missed.

"If we could have sustained the drive and scored for a 7-7 tie, we would have been OK," Hughes said.

Belvidere, shut down offensively, changed its strategy for the second half.

"They decided to use the

fullback on the option. They weren't using the option that much in the first half," Hughes said.

The Bucs finished with nine first downs, eight coming on second half running plays.

Belvidere quarterback Brian Pottinger capped a 72-yard third quarter drive with a two-yard TD run. Pottinger gained 14 yards on one carry and 33 on another in the drive. The extra point try was missed.

Belvidere then turned in a 92 yard drive in the fourth quarter that sealed Warren's fate. Pottinger gained 17 yards on second down to start the drive.

Tony Loft broke open on a first and 10 play at the Belvidere 35, racing for 40 yards before Diamantopoulos made the tackle. Four plays later, Paulson scored his second TD of the game for a 20-0 lead.

Warren scored its lone TD on its next drive. A 27-yard pass from Shelton to Wagner was the big play. Shelton connected on a 13-yard pass over the middle to Brian Jarrell for the score. A pass to Wagner made it 20-8 with 1:05 left.

Dollenmaier recovered an on-side kick, giving the Devils hope.

But Warren could not pull out the miracle.

# Pick Six Warren Players For All-NSC Honors

Warren's football team leads all Lakeland squads with six players selected on the all-North Suburban Conference team.

The Blue Devils' selections are highlighted by John Dollenmaier, the No. 3 NSC player.

"Without a doubt, John was the second most dominating player in the league. He was a force to be reckoned with. On the first or second series, teams had to decide if they were going to double team him," Warren coach Reggie Hughes said.

Dollenmaier, a senior, played linemen on offense and noseguard on defense. He led the Blue Devil defense with 32 solo tackles and 55 assists.

The 6-3, 205 pounder was a unanimous selection.

Also making the team

from Warren were linemen Jim Rung and Brian Snell, quarterback-defensive back Derek Shelton, running back-linebacker Mike Wagner and wide receiver-defensive back Sam Diamantopoulos.

All of the Warren players are seniors with the exception of Shelton, a junior.

Warren finished the regular season at 6-3, tied for third place in league standings behind Niles North and Lake Forest. The Blue Devils were eliminated in the first game of the Class 5a playoffs by Belvidere.

Niles North's Erik Slowik was named the league's top player followed by Eric Christensen of Libertyville.

Lake Forest and Niles North had the most players on the team, eight. Stevenson and Warren were next with six. Libertyville had

five and North Chicago three selections. Antioch, Mundelein, Fenton and Zion-Benton each had two listed.

North Chicago senior fullback-nose guard Cory Franklin was a unanimous selection. Other Warhawks on the elite squad included end Tom Newberry and halfback Eric Thompson.

"He carried the brunt of our offense," North Chicago coach Bob Brothman said of Franklin.

Franklin had three 100-yard games for the 3-6 Warhawks.

Antioch's twosome on the team were defensive tackle James Smith, a senior and junior tailback David Wick.

Flanker-defensive back Jeff Geary was a unanimous choice from Mundelein. Geary, a senior, was joined by fellow Mustang Mike Joerger.

# Grant Bulldogs Lose To Scouts In Playoffs

by MARK BENNO

Grant's undefeated season ended in a defensive battle against Lake Forest on Nov. 5, and unfortunately the Bulldogs came up with the short end of the stick. As the 3-0 final score indicates, Grant's first playoff game in over 10 years was not an offensive circus.

Throughout the first three quarters neither team was able to put any points on the board. The fourth quarter, however, looked like it might the beginning of good things to come for Grant.

The fourth quarter opened with Kevin Frystak running for a first down. Additional yards were tacked on for Grant as Lake Forest was charged with a personal foul on the play. The ball was moved all the way to the Lake Forest 27 yard line before Grant failed on a fourth down attempt.

Lake Forest took possession of the ball at that point and drove all the way to the Grant 17 yard line. On fourth down Lake Forest

kicker Rob Klaskin booted a field goal, giving the Scouts the game's only points at 3-0.

After the field goal, Grant took possession of the ball at their own 31 yard line. Brad Frystak carried the ball on several impressive first down runs, bringing the ball into Lake Forest territory. Quarterback Garry Glauser kept the drive alive with a keeper play on third down that gave the Bulldogs first down on the Scout's 36 yard line.

Brad Frystak ran for another first down with 1:30 left in the game, which left the ball at the Lake Forest 26 yard line. On third down Glauser threw an incomplete to receiver Mike Kazlauskys. On fourth down with a minute to go in the game, Glauser threw a pass to an open Mike MacDonald within the Lake Forest 15 yard line. The ball bounced off of MacDonald's hands, giving Lake Forest the possession on downs.

With 58 seconds left in the game Lake Forest fell on the

ball and Grant expended their last time out. The Scouts fell on the ball two more times to run out the clock, leaving the score at its final 3-0.

Grant rolled up 207 total offensive yards in the playoff game. The Bulldogs passed for 31 yards and ran for 176 yards. Brad Frystak led the Grant rushers with 93 yards on 17 carries, while Kevin Frystak carried the ball 16 times for 54 yards. Glauser had nine carries for 41 yards.

Lake Forest rushed for 155 yards and passed for 26, giving them a total of 181 offensive yards.

Head Coach Mike Rogowski said that "field position was a problem. They played good field position football." Grant did start from deep in their territory often, though they possessed the ball 25 minutes to Lake Forest's 22.

Rogowski also said that the Scout's defense was not much tougher than some of the defenses he encountered during the regular season.

# Hoops Section Coming

Now that the football hitting sleds, shoulder pads, chains and uniforms have all been tucked away for another winter, it's time for Lakeland area high school teams to concentrate on basketball.

Practice started for area boys teams Nov. 10, a week

later than usual. The Illinois High School Assn. moved the starting date back because the football playoffs were expanded last year, leaving little time for athletes who compete in both sports to make the switch.

Next week, don't miss Lakeland Newspapers' annual pre-season edition.

Features and photos will help make this section worth keeping.

Also, previews on the Mundelein Mustangs, Wauconda Bulldogs, Grant Bulldogs, North Chicago Warhawks, Grayslake Rams, Antioch Sequoits and Johnsbury Skyhawks.

## Successful Runners

# Republicans Avoided Bossism In Hess Vote

by JOHN STEINKE  
(Political Columnist)

On Nov. 4, Democratic County Clerk Linda Hess achieved an unprecedented reelection victory. Hess defeated her Republican challenger, Donna-Mae Litwiler, 49,850 to 47,104. She became only the second Democrat reelected to countywide office in the past 132 years. Only her predecessor, Grace Mary Stern, was reelected county clerk on the Democratic ticket. Hess remains the only Democratic official in the Waukegan Courthouse.

Linda Hess had to overcome the county's traditional Republicanism, Sheriff Robert H. "Mickey" Babcox's vigorous support for her

opponent, and the unenthusiastic endorsement of her own party's leadership, particularly Chairman Jay K. Ukena and former Waukegan Mayor Bill Morris. The Lake County Democrats failed to contest many offices or fielded weak candidates to oppose GOP incumbents. This permitted the Republicans to mobilize their enormous organizational and financial resources against Hess.

But the major factor threatening Hess' reelection was the statewide Democratic campaign. Adlai E. Stevenson III resigned as the Democratic candidate for governor. Last spring after two disciples of Lyndon H.

LaRouche, Jr. were nominated on the party's ticket. They included Mark Fairchild for lieutenant governor and Janice Hart for secretary of state. Rather than run with these candidates, he described Fairchild and Hart as "neo-Nazis" and "kooks." Stevenson then formed a third party.

The Stevenson gubernatorial campaign faced the unenviable task of educating party voters to "Punch 3" in order to support him and his Illinois Solidarity candidate for secretary of state, Jane Spiegel, as well as the regular Democratic Party ticket for other offices. The LaRouche candidates disrupted the straight Democratic vote. Lake County recorded 24,208 straight Republican ballots to only 1,470 for the Democrats. The straight GOP vote exceeded the Democratic total by 22,738 ballots!

Despite the avalanche of Republican ballots, Hess increased her majority from 353 in 1982, to 2,746 in this fall's balloting. The regular Republican organization anticipated the low voter turnout. Only 46.0 percent of Lake County voters participated in the election. Linda Hess had predicted a 60 percent voter turnout.

Sheriff Robert H. "Mickey" Babcox prophesized that Donna-Mae Litwiler would

defeat Hess by 1,200 votes "because independent Republicans will stay home." Babcox is the most powerful and astute politician in Lake County. He was right on two out of three components in this election. First, there was a light voter turnout. Second, the "normal" straight Republican vote materialized on election day. But the sheriff missed on the third element of the race.

There was a heavy turnout among independent GOP supporters, who cast their ballots for Hess' reelection. Among ticket-splitter Hess received 48,380 (67.9 percent) votes to Litwiler's 22,896 (32.1 percent). Four years ago, Hess garnered only 57.5 percent of the independent vote. The Hess Republicans wanted to preserve the two-party system.

They rejected Babcox's bossism and Litwiler's incompetency in the solitude of the voting booth. Many rank-and-file Republicans rejected their leaders' concept of team politics. These voters recognized that the word, "team," rhymes with "machine." They didn't want Republican Lake County to become a Democratic Crook County.

## BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services. Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

**What does this mean for satellite dish owners?**

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment **plus** pay monthly service fees for each channel received.

# John, No. 1 Fan Agree Linda Was Salvation

by JOHN STEINKE

Three weeks ago, I was prepared to destroy my poison pen. I was planning to escape across the Lake County line before Sheriff Robert H. "Mickey" Babcox apprehended me for his road gang. But then I received a letter from my one fan-in-the-stands. Then I knew that Linda Hess had a real chance to secure reelection in the fall contest. Here are excerpts from this correspondence:

## Steinke On Politics

"Hi! It's me! Number One Fan-in-the-Stands! I must say I was a bit worried about you when I had to go all the way past the obituaries to find your column this week. I thought surely, after the article about 'Little Adolph' that you had been assassinated! I used to agree with you 90 percent of the time, but now we agree 98 percent of the time!

"'Little Adolph' (Depke) and (GOP chairman) 'Nikita' Neal are doing more damage to the Republican Party than they can imagine. Their hunger for power is only causing more and more dissension than ever in the Republican party. Many, many Republicans thought that 'Nikita' (Neal) was going to be the savior of the GOP. Now they are finding out that he runs things just like the Communists: Step out of line and you're in trouble. Think and speak against what the

party bosses want, and you are out of the fold—no matter how much you have done for the party previously."

"Republicans are afraid to come out and openly support Linda Hess, even though they know that 'Mickey Mae' is absolutely the worst candidate the Republicans have ever had. My God! There must be 10,000 Republicans out there who have better qualifications. These Hess supporters don't feel like going against their party for fear of being censured. They don't like the thought of their names being in the newspaper as 'Bad Guys' because they ain't bad. They simply cannot support a 'Nit-wit' Wiler. Has this woman ever graduated from high school? Her literature says 'Management' school and now she says 'Finishing School.' Maybe she finished school to manage to learn how to model. Hardly the best credentials to run the office of Lake County Clerk. Wouldn't it be embarrassing to have a Nit-Wit model running the clerk's office with the help of a Dim-Wit like 'Little Adolph' (Depke)?"

"Our only hope for this country is the retention of Linda Hess. . . Hopefully, the voters will remember the slogan 'Make No Mistake' and vote for the candidate who has the best qualifications for the job: Linda Hess!"

Comment: County Clerk Linda Hess' reelection vindicated your analysis. Now let's elect a GOP chairperson who has character, intelligence and integrity. Her initials are: Venita L. McConnel.

## Offer Drug Abuse Manual

Free copies of a handbook on fighting drug abuse in the nation's schools are available from State Sen. David N. Barkhausen's district office in Lake Forest.

Barkhausen said the book, Schools Without Drugs, is a resource for students, parents, teachers, principals, and others working to save young people from the horrors of drug abuse. It is

published by the United States Dept. of Education.

"There is increasing awareness both of the drug dependency problem among school children and of the need to begin prevention programs in the early years," Barkhausen said. "This excellent book tackles the issue of drug use from every angle and I strongly recommend it for use in

setting up school programs to fight the problem."

Barkhausen said the book shows that 61 percent of high school seniors have used drugs of some kind, and many of them were purchased in their own schools. It also indicates that students are experimenting with drugs at an increasingly early age.

"The old saying about 'an ounce of prevention' has never been more true," Barkhausen said. "Young people spend a lot of time in school, and their school experiences have a tremendous influence on their lives. We must keep schools drug-free."

The book contains information about drugs and drug use, a sample drug education program and a list of organizations that offer help and information about drug abuse.

Single copies of the 80-page handbook, Schools Without Drugs, may be obtained free of charge from Barkhausen's office, 273 Market Square, Lake Forest, 60045, telephone (312) 234-1630.

Republican Party executive secretary Suzie Metzler and chairman Bob Neal are surrounded by a crowd as vote totals go flashing by on the special election terminals set up at the courthouse on election night. ## TV THIS WEEK

### 'Terms of Endearment' heads unusually strong list

By Denise Gorga

As Thanksgiving approaches, the networks are fattening up their weekly fare. And there's nary a turkey to be found amid this week's offerings.

Shirley MacLaine

Headlining the menu is the multiple Oscar-winning 1983 film **Terms of Endearment** (NBC, Sunday, Nov. 16). Shirley MacLaine and husky-voiced Debra Winger are the mother and daughter whose relationship wavers between high jinks and heart tugs. Jack Nicholson turns in a superb (and as usual) offbeat performance as the astronaut next door. In terms of cry value: four hankies.

Your sniffing not up to snuff? Then head for **Sudden Impact** (ABC, Sunday, Nov. 16). Fans of the now freshly scrubbed mayor of Carmel, Calif., remember him as one of film's scurvier public figures. In this 1983 film, the fourth in the Dirty Harry series for Clint Eastwood, our hero is again warring against street scum. Sondra Locke co-stars as a woman looking for revenge on the men (and one lesbian, for good measure) who raped her and her sister.

For those with sunnier sensibilities and a few more hours to invest, CBS offers **Fresno** (Sunday through Thursday, Nov. 16 to 20). The six-hour miniseries is a comedic sendup of that emotionally gooey staple: the nighttime soap. Carol Burnett, the woman who brought you "As the Stomach Turns" on her old comedy-variety show, is star lampooner Charlotte Kensington, widowed matriarch of the raisin-growing Kensington clan. Flitting about the sun-drenched gloss are Dabney Coleman, Teri Garr and Charles Grodin. And look for Gregory Harrison ("Trapper John, M.D.") to be playing doctor with all the Kensington duennas as the mysterious — and shirtless — family farmhand.

After the "Fresno" frolicking, CBS's **Penalty Phase** (Tuesday, Nov. 18) seems like a bunch of sour grapes. The "penalty phase," in judicial parlance, requires jurors to decide between death or life imprisonment for a guilty defendant. In a sort of inverted "Manhattan Melodrama," Judge Hoffman (Peter Strauss) has to choose between revealing a technicality that could let the murderer go free or keeping quiet and saving his career.

And where would we be without an illness-of-the-week? This week it's bulimia, the eating disorder that causes bizarre binges and purges, in **Kate's Secret** (Monday, Nov. 17). Sweet "Family Ties" matriarch Meredith Baxter Birney gets to portray compulsive Kate.

## FREE SPINAL EXAMINATION\*

The condition of your spine has a direct relationship to your health. The spinal cord is the lifeline of the body. If you are having the sensations of numbness in the hands or feet, electric shock sensations, hot spots, cold spots, constant stinging or even burning, chances are your spine is not in the condition it should be in. These are signs of severe chronic nerve irritation and should be cared for before more serious irreversible complications occur.

### Pinched nerves can be the cause of:

1. Headaches
2. Neck Pain
3. Shoulder Pain or Knee Pain
4. Difficulty Breathing
5. Lower Back Pain, Hip Pain, and Pain Down the Legs.

\*Free examination includes case history, consultation with the doctor, a posture survey, and 10 orthopedic neurologic tests. X-rays, treatments, and clinical laboratory tests are not included.

## Levin Will Lead Run

Terra Levin has been named executive director of Lake County Marathon, half marathon and 10K.

Levin has been behind the scenes of running races since the first Chicago Marathon in 1977. This year Levin organized the Manufacturers Hanover Corporate Challenge with over 7,000 corporate runners and 400 corporations. In the "Manny Hanny" race she had the onerous task of closing down Chicago's streets at 6:50 p.m.

The Lake County races presents its own challenge. "Organizing three races in one day requires coordination and several hundred volunteers, not to mention a course that runs through seven communities and a naval base," states Levin.

On April 26, 1987, the seventh annual Lake County Marathon, half-marathon and 10K will once again travel the long road from Zion to Highland Park. Proceeds for the race will be used by the various Special Olympics programs in Lake County.

# Area Football, '86: The Good, The Bad, The Ugly

by STEVE PETERSON  
Sports Editor

The 1986 football season proved to be a proverbial good news, bad news proposition for Lakeland area teams.

Some good news: two area teams, Grant and Warren, made the post-season playoffs.

Some bad news: both lost in their first game.

Some good news: four of the 10 area teams notched winning records. Grant, Warren, Round Lake and Carmel all won more games than they lost.

Some bad news: area teams overall won just over 40 percent of their games.

Some good news: for Round Lake, the winning season was the second in a row for coach Mike Dunn's crew after winning the Northwest Suburban Conference last year. For Carmel, the winning season was even more historic: it was the first one in 14 years.

Here's a look at how each area team fared in the gridiron wars, '86:

**Grant:** Fox Lake was indeed the place to be this fall.

Grant made the playoffs for the first time in 11 years, romping to a 9-1 record. The record included seven shutouts by the tenacious Bulldog defense, which allowed 17 points all year long. Three of those points came in the season-ending playoff loss to Lake Forest.

Brad Frystak was named Northwest Suburban Conference Most Valuable Player. On offense, he gained the tough yards. Defensively, he dared opponents to run or throw the ball his way.

Brother Kevin Frystak still has a year to go in his

high school career. Oe followed up a flashy sophomore season with an equally flashy junior year. Kevin led Grant in almost every offensive category, including touchdowns.

**Quarterback** Garry Glausser improved as the season went on. Glausser ran the ball as effectively as he threw it, keeping defenses honest.

Other key players for the Grant offense were receiver Mike MacDonald, who averaged more than 15 yards a catch, reciever Marc Borton and tailback Mike Kazlauskys.

Ten Grant offensive players were named all-NWSC.

**Highlight:** a 20-8 win over Marian Central which gave the Bulldogs the Northwest Suburban Conference championship.

**Warren:** A flood and a 1-3 start could not stop this determined bunch of Blue Devils.

Warren started the year minus the flashy tailback, but a combination of blue-collar runners Mike Wagner, Dave Davis, Chris Tavajian and Leon Darby all contributed.

Junior quarterback Derek Shelton gained confidence as the year went on.

Defensively, Warren started out rough, losing to Niles North 20-8. The next time the opponent would score that much would be Belvidere in Warren's playoff loss.

Linemen John Dollenmaier led the team in tackles and was named the North Suburban Conference's third best player. In all, six Blue Devils made the all-league list.

**Highlight:** a 14-9 win over Stevenson which clinched

the playoff berth.

**Carmel:** Mike Fitzgibbons started his rookie season at the Corsair helm with a bang and ended as such.

The Blue Devils beat up on Waukegan East and Woodstock for a 2-0 start. But then came a four-game stretch that saw the offense struggle against four state-ranked teams.

The defense remained a strength throughout most of the season. The line on both sides of the ball played well, as noticed by East Suburban Conference coaches in the all-league selections.

After the four straight losses, Carmel gained confidence with a win over Notre Dame at home.

The in the final two weeks of the season, Carmel's offense exploded for 82 points against weaker ESCC teams.

Donell Foster was the cog which led the Corsair attack, scoring as many as three touchdowns. Junior quarterback Steve Bruns was a steady signal-caller.

Linemen keyed the 5-4 season. Joining Foster on the all-league team were tackle Ken Goodwin and center Mike Mudd. Linebacker Joe Tarzian also made the league's first team.

**Highlight:** a season-ending 40-6 win which clinched the first winning season since 1972.

**Round Lake:** Talk about starting a title defense with a downer.

The Panthers came into the fall campaign with high hopes of repeating as Northwest Suburban Conference champs and making their second-ever trip to the state playoffs.

Then came Grant. A 27-0 loss in the first

NWSC game of the year halted those hopes. The Panthers then lost two of their next three games, to Johnsbury and Marian Central.

Dunn likes to call his team "survivors". They did just that in the second half of the season, beating Grayslake, Wauconda and Lake Zurich to end at 5-4.

**Quarterback** Walter Tesch was dependable.

Chuck Banker was the team's offensive threat and his absence in mid-season proved costly.

Linemen Pat Molitor, Scott Akers and Scott Center were all-NWSC along with linebacker Mike Fox.

**Highlight:** a 25-16 win over Lake Zurich which gave RL revenge for last year's defeat and clinched the second winning season.

**Johnsburg:** Inconsistency.

That was the watchword for the Skyhawks, who came so close to turning the program into a winner.

Coach Mike Roberts' offense started slowly, as the team lost its first two games.

Three straight wins - including a victory over Round Lake, gave Johnsbury hope.

But Grant stopped the Hawks cold before a huge Johnsbury Homecoming crowd 28-6. Those six were important, though, because they represented the first points scored against the Bulldogs.

The defense was led by all-league picks Charlie Giovanni, Jeff Heumann and Emil Marunde.

Offensively, Pete Pegast and Giovanni led the way behind quarterback Frank Husak.

**Highlight:** a 15-0 upset win over Round Lake.

**North Chicago:** Respect.

That's what coach Bob Brothman's team gained.

The Warhawks won three times this fall after 1-8 in 1985.

Bright spots for the future include returning all-league picks Tom Newberry and Eric Thompson.

**Highlight:** a 16-7 win over Warren.

**Antioch:** The Sequoits kew 1986 would be tough when 1985 ended.

Most of that team which made the playoffs also graduated and that left an inexperienced bunch for coach Steve Wapon's staff to work with.

Add to that an impending teachers' strike, injuries and inegibly woes, and the Sequoits can be proud to win three games.

Running back David Wick was the main cog in Antioch's offense and made the all-NSC team. Defensive tackle James Smith also made the roster.

**Highlight:** a 27-6 win over Mundelein which saw the Sequoits blow open a close game in the second half.

**Mundelein:** When you score just 49 points all year, it's tough to win games.

That's the predicament the 2-7 Mundelein Mustangs found themselves in. Coach Gary Heifner's team had several "maybes" during the early portion of the schedule but injuries and lack of execution took their toll.

Flanker Jeff Geary and linebacker Mike Joerger did make the all-NSC team.

**Highlight:** an 8-7 upset win over highly-favored Libertyville.

**Grayslake:** Coach Harold Jahnke is probably happy is first year back as football coach is over.

The Rams finished 1-8 for the second straight year as the general lack of offense hurt. Grayslake could score no more than one touchdown in any game.

Take heart, Grayslake fans. A talented group of sophomores which won in '86 is back next year.

**Highlight:** the 6-0 win over Wauconda.

**Wauconda:** The Bulldogs had the rest of the NWSC worried when the league season started.

Wauconda, a team predicted to be at the bottom of the league, had just whipped Jacobs 26-0.

But a lack of players dwindled down to a precious few - 14 at one point - and made the season long for coach Fred Loffredo and his gutsy forces.

The Bulldogs next chance for a win came with a 6-0 loss to Grayslake in mid-season.

Linemen Todd Marlow and Dan Torres made the all-league team as bright spots for Wauconda.

**Highlight:** the shutout of Jacobs in week two.

### Lakeland Grad

Airman Thomas W. Vincent, son of Janet M. Neff and grandson of Virginia R. Hudrick of North Chicago, has graduated from Air Force Base basic training at Lackland Air Force Base, Texas. During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations. In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

## Appoint Doppke To Board

Dr. James Doppke, vice president for educational affairs, College of Lake County in Grayslake, is one of 12 Chicago area educators who have been named to the advisory committee for the cooperative master of arts degree program in educational administration. The program is offered jointly by three universities in the Board of Governors of State Colleges and Universities (BOG) System: Chicago State University (CSU); Northeastern Illinois University, Chicago; and Governors State University (GSU), University Park.

The program is designed to prepare individuals for middle management level educational, administrative and supervisory positions, and to upgrade the skills of those individuals who presently serve in such positions. Upon completion of the program, individuals who presently serve in such positions. Upon completion of the program, individuals will qualify for careers in educational administration, school business administration or community college administration.

Dr. Robert Pringle, vice chancellor for academic affairs in the BOG System, says the advisory committee will be making recommendations as curriculum revisions are considered.

"The Illinois State Board of Education (ISBE) has proposed revisions for the requirements of administrative licenses for elementary and secondary school administrators, which, if approved, will become effective in September 1987. The advisory committee, which is composed of superintendents, principals and community college administrators, has been created to provide views from practicing school administrators as the curriculum revisions are considered," he said.

The advisory committee will make its recommendations to the program's coordinating council, which is considering the curriculum revisions to meet the ISBE's proposed requirements to make positive changes.

Members of the coordinating council include Pringle who serves as chairman; Dr. Ray Lane, professor of education at CSU; Dr. Jeff Kaiser, professor of education at GSU; Dr. Jean Baxter, professor of education at Northeastern; and Dr. Vince Malek, graduate dean at Northeastern.

The BOG is the governing board for five Illinois public universities: Chicago State University; Eastern Illinois University, Charlestown; Governors State University, University Park; Northeastern Illinois University, Chicago; and Western Illinois University, Macomb.

## Set Winter Camp

Sledding, skiing, and indoor swimming are just a few of the activities planned for YMCA Camp Pinewood's annual Winter Camp, announced Bill Mathers, director.

"December 27-30th marks the dates for our 11th annual Winter Camp," for boys and girls 8-15 years old, Mathis said.

"The term winter camp usually brings to mind a pup tent stuck in a snow bank," Mathis chuckled. "Actually, our winter quarters are very nice- heated cabins, indoor plumbing, tasty meals and a use of a huge lodge and indoor pool make this an exciting, safe experience."

"Children often get bored over the holidays", Mathis stated. "Our winter camp is a fun alternative at a reasonable cost. Our safety record is excellent because the campers are well supervised by experienced staff." More information may be obtained by calling (312) 546-8086.

# Is A World's Record, Who Really Cares?

## When I Think About It

LORIA DAVIS

Things that people will or won't do to be above the crowd in some special way ceases to amaze me.

Antam Books just sent me my new copy of the Guinness Book Of World Records so I add some new "I don't believe it!" to my amazement file.

Would you believe that a man named James Johnson of Terra Alta, West Va. actually grew a beard of 35,000 bees that swarmed around a queen bee that sat on his chest, in order to get his name in Guinness.

A footnote under this astounding bit of information says, "This category has been retired." In the name of all the bees in the world, may I say thank goodness. Who wants to be part of a 10-pound beard anyway, even if it is a famous one.

In 1963, 26-year-old Alan Andrews had nothing better to do than lie on a bed of sharp six-inch nails for 273 hours and five minutes in order to go down in record history. As an extra added attraction, his fiancée joined him for the last 34 hours to establish a women's world record for the same thing. Ain't togetherness grand!

In 1964 the City of Los Angeles was greeted with a treat at the Biltmore Hotel when Pascal Leclerc successfully filled a 44-story-tall column of champagne glasses from the top, using 10,404 long-stemmed glasses. And I have trouble pouring my husband's coffee without spilling it.

How about this for an Easter Egg Hunt? In 1985, the Garrison family in Homer, Ga. hosted a hunt that involved 72,000 hard boiled hen eggs and 40,000 candy eggs for 10,000 participants.

Here's one that makes the Bears' Jim McMahon and Willie Gault look sick. In 1980, on the football field of Louisiana University, Jerry Mercer stood in one end zone tossing grapes at Arden Chapman who stood down field. On the 20th attempt Chapman caught a grape in his mouth that had been thrown 319 feet and eight inches by Mercer.

Speaking of grapes brings wine to mind, and wine brings Angela Channing of the tv evening soap to mind.

Did you know that the longest osculatory marathon in cinematic history (screen kiss) was between Jane Wyman and Regis Toomey in 1940's "You're In The Army

Now." That kiss lasted 185 seconds.

No wonder our Pres divorced her. But why should she care she's raking in five times the salary he is.

Are you into pasta? Get a hold of Mark Pi of the China Gate Restaurant in Toledo, Ohio, who made over 2,000, five-foot long noodles in 34.5 seconds.

Here's a guy that literally fell onto the pages of the record book. Lt. I. M. Chisov of the USSR, in 1942 fell from his badly damaged airplane and toppled parachuteless through 21,980 feet of air until he glanced off of the edge of a snow-covered ravine and slid to the bottom, ending up with spinal damage and a broken pelvis, but alive. It is estimated that he reached velocities of 185 miles per hour during his fall.

Thinking about cleaning your cupboards and closets. It can prove to be financially rewarding.

The largest rummage sale ever held went on at the Cleveland Convention Center for two days in 1983 and raised \$427,000 for a non-profit garden center.

Here's one for those virtuous non-smokers to think about. Jim Pural, Livonia, Mich., simultaneously smoked 140 cigarettes for five minutes, then smoked 40 cigars at one time for five minutes, and later kept 38 pipes in his mouth for five minutes.

To show you that this guy hasn't seen the latest releases from the Surgeon General, he's a non-smoker.

Just to finish this list of crazy things that people will do to get in print, the Rev. Ronald Gallagher of the Baptist Temple in Lynchburg, Va., delivered a sermon that lasted 120 hours.

Think about that next Sunday when you feel your clergyman is getting a little long-winded!

One might muse on what wonders could have been wrought if the determination spent on establishing these records would have been directed into more fruitful channels.

On the other hand, maybe I'll just get in touch with Mr. Guinness, it won't take long and I bet I'll have a record number of telephone numbers (readable and non-readable) written on my desk blotter.

## Sequoit VFW To Offer Scholarship Program

A National Broadcast Scriptwriting Program is again being sponsored this year for high school students, grades 10 through 12, by the Antioch VFW Sequoit Post 4551 and the Ladies Auxiliary. It is the 40th annual "Voice of Democracy" scholarship program, which is designed to give high school students the opportunity to voice their opinions about their responsibility to our country and to convey them via the broadcast media to all of America. This year's theme is "The Challenge of American Citizenship."

Chairpersons Bob Lehner and Elaine O'Donnell proclaim that each state winner is provided with a five-day, all-expense paid trip to Washington, D.C., plus the opportunity to compete for national scholarships totalling \$32,000. First place is \$14,000, second place is \$7,000, third place is \$4,500, fourth place \$3,500, fifth place \$2,500, and sixth place is \$1,000.

Commander John Scott of Sequoit Post 4551 states that there will first be an award ceremony given at the post home to the winner from this area, who will then be placed

in the district competition. Awards will be given in district competition and then submitted to state competitions. To enter the contest, students should

contact their high school teacher or principal, or contact Sequoit VFW Post 4551 at (312) 395-5393. Deadline for submitting entries is Nov. 15.

The contest was conducted in commemoration of the Antioch News' 100th year of publication. The News-Reporter also published a special commemorative section with reprints of some of the top stories from the past 100 years to celebrate its centennial.

"The Oldest Newspaper Contest served several purposes," Schroeder said. "First and foremost, it was designed to involve members of the community in our celebration. It also helped add to our files, though. Some early publishers did not keep complete records, so we do not have copies of each and every edition that has ever been published."

"The Antioch Library is helping us to microfilm our back issues so there will be a permanent record of the history of Antioch and the role the Antioch News has played. We still welcome any old issues that anyone might have stored away."

After a century of continuous publication, Schroeder is looking forward to the second hundred years.

rafters.

The second floor was set up as an apartment, though at the time of the fire it too was vacant.

A Lake Villa tanker truck was called in for assistance during the fire. Antioch and Lake Villa fire fighters then controlled the blaze in about 90 minutes.

Parthun said that the cause of the fire is still under investigation. He also added that any fire like this must be investigated as a suspicious fire. Parthun said that when you "take a vacant building, and a fire starts in the middle of the floor," it is suspicious.

## Vacant Fire

Wayne Parthun, was formerly known as Aunt Mim's Kitchen. Parthun said that the building still had its gas and electric connections.

The Antioch Fire Dept. got the call that a fire was in progress at 5:51 a.m., and arrived at the scene at 5:59 a.m. Fire fighters then discovered that the fire was located on the second floor.

First arriving companies noticed that both the back door and second floor doors were open. Parthun said that the fire's point of origin was the attic, right under a set of roof

## Sheriff's Office To Install Computer

The Lake County sheriff's office has agreed to acquire a computerized information system that will speed up the booking of inmates and improve management efficiency at the Lake County Jail.

The Correctional Institution Management Information System (CIMIS) was developed by the Illinois Criminal Justice Information Authority, a state agency based in Chicago. Lake County officials signed an agreement with the Authority to install CIMIS in the county jail early next year.

Once installed, CIMIS will:

- Maintain descriptive information about each jail inmate, including medical, offense and criminal history data.

- Keep track of each inmate's housing location.

- Determine the release date of each inmate sentenced to time in the jail.

- Generate a daily schedule of activities for each inmate, including court appearances, medical appointments, visits and other events.

- Produce management reports and support other administrative work.

"CIMIS provides the information jail administrators need to maintain safe, well-managed facilities," said J. David Coldren, the Authority's executive director. "The system lets officials know exactly who is in the jail at any time, where they are housed and what their criminal histories are."

The Lake County CIMIS will cost approximately \$134,000. Half the system will

be paid for with federal money made available to the state under the Justice Assistance Act of 1984.

Lake County is one of five Illinois counties to install CIMIS during the first year of the federal program.

## WKRS And TWA Spell Bears Football Adventure

It's almost a year since the Chicago area took to heart the story of Barbara Blain, 1985 winner of the WKRS/TWA Bears Football Adventure.

"The Monsters of the Midway are on the move again... and we're ready to follow them to Dallas in another WKRS/TWA Bears Football Adventure," said Rich

Padgen, promotions director.

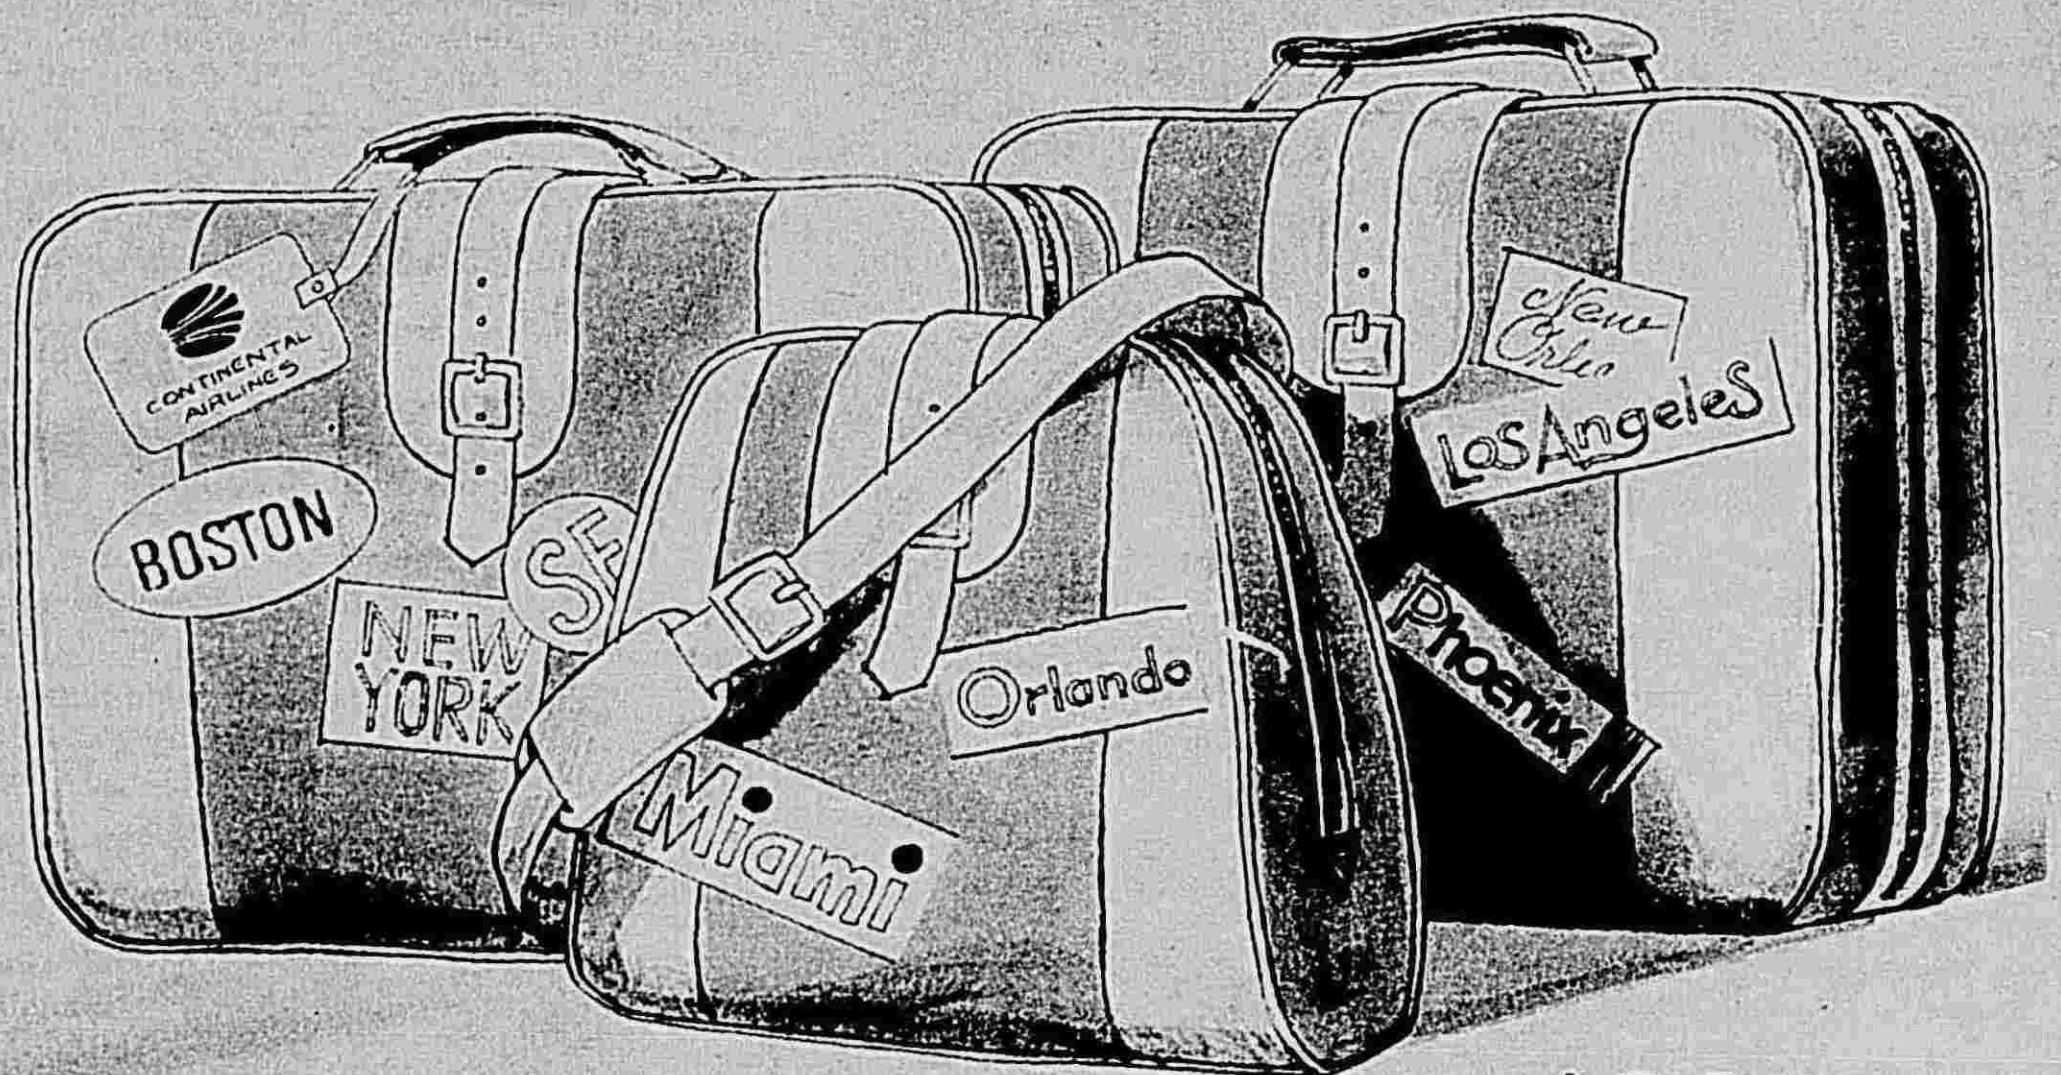

Once each morning at 7:30, and again throughout each afternoon, WKRS will read a listener's name. That party will then have 12 minutes and 20 seconds to call (312)244-1220 and claim their qualifying prize of a lube, oil and filter change

furnished by Jim Sorensen Chevrolet in Waukegan. They will then be qualified for the Grand Prize Football Adventure, featuring round trip airfare on TWA, a deluxe room for two at the Marriot Quorum Hotel in Dallas and use of a rental car with a WKRS personality from the Adventure Connection in Waukegan, two

tickets to the Bears/Dallas game on Sunday, Dec. 21 and \$100 expense money.

Qualifying starts Monday, Nov. 10, and continues until the Grand Prize drawing on Friday, Nov. 21. So tune in, and join WKRS for another great football season.

### Still Going Strong At 60

Doug and Bonnie Rockenbach admire a vintage 1927 Chevrolet that might have graced the Rockenbach showroom 59 years ago. Although celebrating their 60th anniversary of doing business as Rockenbach Chevrolet, the 1927 model was as old a car as could be found for the celebration. The dealership was mobbed last Friday and Saturday as people from all around came to wish the Rockenbachs well and to take a chance on winning a car in a special drawing.—Photo by Charles Johnston

## Peoples Energy Corp. Reports Slight Decline

Peoples Energy Corp., which serves Lake County communities including Grayslake, Gurnee, Mundelein, Lindenhurst and Round Lake Beach, has reported a slight decline in net income and per share earnings for its 1986 fiscal year ending Sept. 30.

Consolidated net income for fiscal 1986 amounted to \$73.5 million, down two-and-one-half percent from net income of \$75.4 million recorded in fiscal 1985.

Per share earnings, based on a slightly larger number of shares outstanding, were \$2.27 in fiscal 1986, off three percent from year-earlier earnings of \$2.34 per share.

Eugene A. Tracy, chairman and chief executive officer of Peoples Energy, said 1986 results are regarded as good, despite their modest decline from record 1985 earnings. Colder weather, reduced interest expenses, an increased sales of gas for electric generation

were positive factors in the company's performance.

Offsetting those factors, Tracy said, were lower sales to industrial markets due, in part, to some large volume-customers who switched to Number Six fuel oil as a result of the sharp drop in oil prices. Other offsets included the settlement of state income tax issues, increased collection-related expenses, and higher costs for materials and services.

## Hospices Offer Comfort For The Terminally Ill

Death and dying are not subjects normally thought of as being fit for polite conversation. Indeed, the latter is considered by many Americans to be the ultimate unnatural act.

Helping the terminally ill and their families cope with the realities of death has been the mission of nearly 70 hospice programs in Illinois. They are being recognized Nov. 9-15, Illinois Hospice Week, for their efforts in demonstrating that death, when dealt with openly, is the natural end of life.

"We encourage our families to make the most of every day," says Karen McArdle, president of the Illinois State Hospice Organization, an affiliate society of the Illinois Hospital Assn. (IHA).

"Rather than wasting time pretending everything is going to be alright, we stress making the time meaningful by resolving past differences or saying and doing the

things that have been put off because tomorrow is another day."

Most hospice services are based upon studies revealing that people who are sick are most comfortable in familiar places surrounded by familiar faces. Consequently, nursing and physician services, pain and symptom control, pastoral counseling, bereavement care and volunteer services can all be provided at home.

"We are experts in controlling pain," McArdle says. "Whether it's physical pain, emotional pain, or spiritual pain. We also emphasize hope. Not hope for a cure, but hope to make it through the year, or the month, or just another day without pain. Hope changes for a dying person."

There are three parts to most hospice programs. The first consists of home care. The second is inpatient care for people who can no longer remain at home. The final part of the program is

bereavement. "That is another area that American society doesn't recognize," says McArdle. "What is a grieving person? How long does grief last? How do you deal with a grieving person?" Hospice generally follows a family for 18 months after the death of the patient with regular contact and counseling services.

Who is the typical hospice patient? According to McArdle, 90 percent of the patients are cancer victims. However, a growing number of AIDS patients and people with other terminal illnesses are being served by hospice care. More than 25,000 people are expected to die from cancer next year in the state. In addition, approximately 370 will die from AIDS.

In Lake County, Saint Therese Medical Center provides STAR Hospice care. The contact person at the hospital is Karen McArdle.

# Jockeying Begins For Board Chairman

**CHARLES JOHNSTON**  
OVER THE NEXT few weeks watch for the jockeying for county board chairman to be fast and furious. Starting off, there

fact that LaBelle was the clear top vote-getter in his bid for reelection. That always impresses the regular organization. Dolan will be the can-

help senior citizens weatherize their homes. Not once was Klemm's name mentioned.

When you see the piece elsewhere in the paper, you will notice that I have added Klemm's name to the piece. Though I get tons of releases from politicians, I only use those which are of the greatest interest and usefulness to readers. When a politician puts together a good piece, I think he should get credit for it. But I also thought you should know that Klemm sends out the most consistently useful pieces while never bothering to take credit for providing it.

**AFTER A HARD,** sometimes bitter campaign for the county clerk's office, I was very pleased to see how graciously both ladies, Linda Hess and Donna-Mae Litwiler responded to the results.

Hess thanked those who supported her and was back at work the day after the election with no hint of gloating in the aftermath of her victory.

Litwiler, after learning she had lost, responded with a wry smile and said, "Well, if God doesn't want me to be county clerk maybe he wants me to be President."

With the elections over, I am sure both ladies are breathing a sigh of relief as they go back about their business without a spotlight constantly hanging over them.

**FOLLOWING ARE** FINAL totals for major candidates in Lake County races. The winners names are set in bold capital letters:

**State Rep. - 61st Dist:**  
**JOHN MATJEVICH (D)** 8,690; John Bobel (R) 3,177.  
**Circuit Court Judge:**  
**JOHN GOSHGARIAN (R)** 61,613; Peter Staben (D) 31,826.

**Lake County Clerk:** **LINDA HESS (D)** 49,850; Donna-Mae Litwiler (R) 47,104.

**Lake County Sheriff:** **ROBERT "MICKEY" BABCOX (R)** 61,507; Sander Stagman (D) 34,945.

**Lake County Treasurer:** **JACK "RED" ANDERSON (R)** 62,846; Bob Flannery (D) 31,353.

**Regional School Superintendent:** **SYBIL YASTROW (R)** 75,202; no opposition.

**County Board Dist. 1 (two elected):** **HELEN**

**BELMONT AMENDOLA (R)** 15,407; **RICHARD PRICE (R)** 12,283; Michael Simkin (D) 8,693.

**County Board Dist. 2 (two elected):** **JOHN BALEN (D)** 4,545; **MATTHEW MIHOLIC (R)** 4,295; Frances Vetrone (R) 3,594; R. Jerome Hodge (D) 3,567.

**County Board Dist. 3 (two elected):** **JIM LABELLE (R)** 8,796; **SAMUEL E. PAYNE, SR. (D)** 6,602; Bud Bailey (R) 6,508; Bertha Ogrin (D) 5,564.

**County Board Dist. 4 (two elected):** **NORMAN GEARY (R)** 11,260; **CHARLOTTE "CHAR" KIESGEN (R)** 10,838; no opposition.

**County Board Dist. 5 (two elected):** **F.T. "MIKE" GRAHAM (R)** 13,057; **CAROL CALABRESE (R)** 12,879; no opposition.

**County Board Dist. 6 (two elected):** **BRUCE HANSEN (R)** 13,212; **JOHN REINDL (R)** 12,166; Virginia Krueger (D) 5,699; Peter Suk (D) 4,070.

## Just Politics

are three announced or soon-to-be-announced candidates: incumbent Jim LaBelle (R-Dist. 3), Norm Geary (R-Dist. 4), and Jim Dolan (R-Dist. 5).

Going into it, Geary has the most votes, but he does not have the 13 needed for election on the first ballot. LaBelle has a core of about four votes. Elected as a compromise candidate after a deadlock between Geary and the late Glenn Miller two years ago, LaBelle will need a minor miracle to be reelected. He has neither the support of the regular Republican organization nor the reformers (led by Geary) who swept him into office last time.

The regular Republicans showed how dearly they love LaBelle when Sheriff Mickey Babcox contributed to his primary opponents' campaign fund. Babcox is the behind-the-scenes (and sometimes in-front-of-the-scenes) leader of the regular Republican Party.

The reformers feel betrayed by LaBelle's efforts to make peace with the regular Republican organization. They are convinced that to elect him would guarantee more of the same for the next two years.

Running in his favor is the

candidate with the blessing of the regular Republican organization. That is not enough to win, though.

What do I predict? Well, after several ballots, Geary will have put together a coalition of reform Republicans and Democrats. If that is not enough, then a surprise candidate will take it all. I have a feeling that if Geary cannot put together a winning coalition, the next county board chairman will be a woman. Her name is Eleanor Rostron of Waukegan.

Rostron is respected by all factions of the party. Though she has her disagreements with individual members, she is trusted by almost all.

**THREE CHEERS FOR** the most modest legislator in the Lakeland area. I constantly get informative, timely pieces of information on state programs from State Rep. Dick Klemm (R-63). Funny thing is, he never puts his own name on the press releases he sends out from his office.

I talked to him about it and he said he just wants to get important information out to his constituents. Just this week, I got a piece from him on energy conservation and state programs available to

## Historic Preservation To Be Discussion Topic

The Waukegan/Lake County Chamber Foundation is sponsoring a community information meeting at 7:30 p.m. on Thursday, Nov. 20, at the Waukegan YWCA gymnasium. The topic for the evening program will be a general review and discussion of historical preservation of structures in the United States.

"This meeting is designed to show and inform all those interested in historical preservation of what the federal guidelines are and how they have been maintained throughout the United States," according to Charles C. Isley III, Chamber Foundation executive secretary.

Keynote speaker for the meeting will be Redd Griffin of Oak Park, former member of the board of the Frank Lloyd Wright Home and Studio Foundation in Oak Park, and now the president of the board of the Ernest Hemingway Foundation and a former member of the Illinois State Legislature where he co-sponsored legislation on historic preservation. At the

conclusion of the presentation there will be a question and answer session.

The Foundation will also have information to distribute on the federal guidelines for historic preservation plus a display of Lake County area historic sites.

All individuals and organizations interested in historical preservation should plan to attend this two-hour evening session at the YWCA gymnasium, 445 N. Genesee St., Waukegan. There is no charge.

### So Much For Diplomacy

The month of March was named after Mars, the Roman god of war, presumably signifying that the military campaigns interrupted by winter could be resumed.

### Three Winners

Republican victors in county board races stop to compare notes and plan for the next session after victory is certain. From left are John Reindl (Dist. 6), Rick Price (Dist. 1), and Bruce Hansen (Dist. 6). Hansen pledged that the battle over landfills, a reference to the Heartland settlement which includes an 88-acre incinerator and landfill, is not over yet.—Photo by Charles Johnston

### Long Count

In amateur wrestling, before the rules were modified, contestants could be locked in holds for so long that single bouts lasted 11 hours.

BY SALOME

**WEEKLY TIP:** Pay attention to subtle signals.  
Aries (Mar. 21-Apr. 19) Take care before you dare. A quick  
look may not be enough to give you the whole picture. Go  
back and restudy every angle.

Taurus (Apr. 20-May 20) Tempting icing on the cake could  
hide something less palatable beneath. Don't make promises  
based on merely surface considerations.

Gemini (May 21-June 20) A chance to jump over obstacles  
seems tempting. But be wary. This is a time to be sure you  
know what's on the other side before you leap.

Cancer (June 21-July 20) A trusted friend has much to tell  
you. Listen carefully, even if the message seems, at first,  
to be unwelcome. Patience pays off in all matters.

Leo (July 21-Aug. 22) Reduce the risks before making your  
next major move. Insist on full disclosure of all aspects of  
the project first. Some friends have surprising reactions.

Virgo (Aug. 23-Sept. 22) Not all opinions are valid so far  
as your projected projects are concerned. Be careful to sort  
out those that are self-serving from those that are sincere.

Libra (Sept. 23-Oct. 22) Curiosity cures doubt. Turn your  
skepticism into enthusiasm by finding out what's expected  
of you. You're in for a pleasant surprise. Good luck.

Scorpio (Oct. 23-Nov. 21) Don't be panicked into a deci-  
sion you're not completely sure about. Get the facts before  
you allow yourself to be rushed into a commitment.

Sagittarius (Nov. 22-Dec. 21) New friends come into your  
life as you go into a highly positive social aspect. Changes  
will have to be made to accommodate your new situation.

Capricorn (Dec. 22-Jan. 19) An itch to make a commit-  
ment could be a rash decision. Heed the advice of kin who  
show more patience than you do.

Aquarius (Jan. 20-Feb. 18) Enthusiasm is not enough to  
persuade some skeptics. Show more substance behind your  
plans before you can expect more solid support.

Pisces (Feb. 19-Mar. 20) Nothing is free. Make sure you  
know what you're expected to give in return for what you  
hope to get. Test the waters before taking the plunge.

# Celebrate 10th Anniversary of Great American Smokeout

by CINDY KUJAK

If ever there was an example of the "power of the press," the story of publisher Lynn R. Smith's crusade to get his town to go smokeless for a day, certainly fits the bill. It was Smith's campaign—to get smokers in a town of 1,800 to call it quits from cigarettes—that became the Great American Smokeout, a national event that attracts millions of smokers every year.

Smith was victorious in his personal battle against cigarettes, having given up the habit in 1954, when the first health warnings about tobacco came out. Later, as publisher of Minnesota's

Monticello Times, Smith began writing stringent editorials against cigarette smoking. Most noted was his full-page "The Tyranny of Smoking," which appeared late in 1972 drawing considerable state and national attention, and was reprinted in the Congressional Record.

It wasn't until late fall of 1973 that Smith conceived the idea of asking his town-folk to take a day off from smoking. Jan. 7, 1974 was chosen as "D-Day." (The D stands for DON'T as in DON'T SMOKE.) In each issue of the Times, Smith did a countdown to D-Day, listing prominent Monticello citizens who had signed pledge cards to stay off

tobacco that day. In addition, he had enlisted the town's two pharmacies to stop selling tobacco products that day, and two supermarkets agreed to pull all their cigarettes off the racks and sell them "under the counter."

In an article for the September 1984 issue of Observer, Smith wrote: "Through the subject of smoking and the objectives of D-Day were serious, the campaign was carried out with a touch of upbeat deftness and good will—with no sledge-hammerish tactics."

Smith's expectations for success were met when D-Day received extensive local and statewide coverage. But the real test for Smith took place a little more than three months later, when a survey revealed that a full 10 percent of those who pledged not to smoke for D-Day were still off tobacco.

The rest is history. Smith's ideas were adopted by the American Cancer Society's (ACS) California Div. in 1976. A year later, it became a nationwide ACS program.

This year the ACS celebrates the 10th anniversary of the Smokeout and many activities have been planned by the Lake County Unit.

Condell Memorial Hospital of Waukegan has just completed a smoking clinic. Literature, brochures and other material will be available on a table in the cafeteria and posters will be displayed.

Ann Weylan of Victory Hospital reports that posters will be visible, tent cards placed in prominent spots, and payroll stuffers listing "quit tips" will be used in employee checks.

According to Lt. Gradisher of Great Lakes Naval Training Center, the U.S. Navy has many ideas of its own about a stop smoking campaign, which they piggyback onto the ACS' event. The goal is to have a smoke-free Navy by the year 2000. Their motto for the Smokeout is "Don't wait until the year 2000, do it now!" The Navy will be implementing the "Adopt-a-Smoker" program, and at the Friday luncheon before the graduation review, those who participated in the

Smokeout will be honored.

The last issue of the Great Lakes Bulletin, the base's paper, gives facts on smoking and health, tips for kicking the habit, and a "Plan of the Day."

Corporations are also getting involved in the event. Abbott Laboratories in North Chicago is promoting the Smokeout in a big way, and

Baxter Travenol locations in Round Lake and Deerfield have extensive activities planned.

The Kenosha West Unit of the ACS is planning a balloon release at Salem Grade School on Nov. 20, the day of the Smokeout. Posters will be displayed throughout the county. Disc jockeys on local radio stations WLIP-Kenosha, and WMIR-Lake

Geneva will be supplying encouragement to Smokeout participants.

And so, as we celebrate the 10th anniversary of the Great American Smokeout on Nov. 20, there will be cakes with candles, balloons, headless matches, "Kiss Me, I Don't Smoke" buttons, and hopefully, many EX-smokers.

## Need Blood Donations

"Blood is life giving." "Blood is precious." "Blood can readily be shared." These sentiments are shared by the Jacob Blumberg Memorial Blood Bank. You cannot put a price tag on the life of someone you love. Money, the best medical skills, and all the newest, most spectacular drugs sometimes are not enough to save a life. The gift of blood is limited and depends entirely on the generosity of blood donors.

The need for blood keeps increasing, and the only way this need can be met is through an equally increasing number of active

volunteer blood donors. Victory Outreach and Blumberg Blood Bank wants to make it easier for you to help others and become an active member of the Jacob Blumberg Memorial Blood Bank. On November 18, and every third Tuesday of the month at 6 p.m. we will be open for blood donations at 121 E. Grand Ave., Lake Villa.

If you are in generally good health, between the ages of 17 and 65 years old, and weigh at least 110 pounds, you may be eligible to participate in this program. For more information or to make an appointment for Nov. 18—call (312) 662-1899.

## To Speak On Space Travel

The Historical Society of the Fort Hill Country will present science teacher Len Pergander at 8 p.m. on Monday, Nov. 17, at Ivanhoe Church, Rte. 176 just west of Rtes. 83 and 60. Ivanhoe Pergander, an applicant in NASA's "Teacher in Space" program, will speak on the challenge of space travel. A social hour will follow. The public is invited.

## PWP Sets Meetings

Lake County Parents Without Partners will hold a general meeting at 8:30 p.m. on Friday, Nov. 14 at the Cabriole, Rtes. 120 and 37, Libertyville. Guest speaker will be a lawyer who will answer legal questions. Dancing and socializing will follow. All single parents are invited. Admission is \$2 for members, \$3 for non-members. PWP also invites all single parents to an Amigo Meeting at 8 p.m. on Tuesday, Nov. 18, to learn about PWP and what it offers for single parents and their families. The meeting will be in Mundelein. For directions and information, call (312) 546-6918.

## Mass, Brunch For Naim

The Holy Spirit Chapter of Naim, a support and social organization for widows and widowers, will attend a Fifth Sunday Mass at 10:30 a.m. on Sunday, Nov. 30, at St. Joseph's Church, 121 E. Maple, Libertyville. A brunch will follow at Lamb's Farm, Rte. 176, Libertyville. For more information, call Della at (312) 362-2404.

## High Flyer II

The koala bear, which dines exclusively on eucalyptus leaves, may spend several weeks in a single tree. Eucalyptus acts as a narcotic to the koala's system, so the little bear spends its entire life "high." That may explain why it has the patience to spend several weeks in the same tree.

## Emergency Loans Are Available

Robert C. Becker, county supervisor, Farmers Home Administration (FmHA) in Belvidere, announced that FmHA Emergency Loans are available in Boone, Cook, DeKalb, DuPage, Kane, Lake, and McHenry counties, due to losses caused by severe storms and flooding beginning Sept. 11, 1986. The emergency loans are made available under a Presidential declaration.

Family farmers unable to obtain suitable credit from conventional sources and sustaining physical property losses, such as buildings, equipment and livestock, or a production loss of at least 30 percent may qualify for FmHA Emergency Loans. The interest rates are five percent for amounts not exceeding \$100,000 and eight percent on any amount over \$100,000. The maximum loan amount is 80 percent of the actual production loss and 100 percent of the actual physical loss, or \$500,000 whichever is the lesser amount. Loan terms vary with the nature of the loss and type of security pledged for the loan.

Applications for physical and production losses must be filed by June 8, 1987.

Applications are being taken in the FmHA County Office, located at 8108 Appleton Road, Belvidere, 61008. Additional information concerning Emergency Loans may be obtained by contacting the Belvidere FmHA County Office. The office telephone number is (815) 544-3567.
